Mentoring Religious Education Teachers in the Secondary School Springer

This volume re-centres African women scholars in the discourse on African women and peacebuilding, combining theoretical reflections with case studies in a range of African countries. The chapters outline the history of African women's engagement in peacebuilding, introducing new and neglected themes such as youth, disability, and religious peacebuilding, and laying the foundations for new theoretical insights. Providing case studies from across Africa, the contributors highlights the achievements and challenges characterising women's contributions to peacebuilding on the continent. This book will be of interest to students and scholars of peacebuilding, African

security and gender.

This book focuses on mentoring in English language education internationally, as it applies to students, language teachers, practitioner researchers and research mentors themselves. It aims to provide an in-depth understanding of current mentoring practices in diverse contexts worldwide, drawing on case studies from Brazil, Chile, Mexico, Peru, and the USA; China, India, Japan, Nepal, and Vietnam; Australia; parts of Africa; Oman and the UAE; North Macedonia, Turkey and the UK. Areas of focus include peer mentoring, mentor courses, cross-cultural issues, and modalities such as face-to-face or online mentoring, and the chapters also highlight the value of different methodological tools for exploring mentoring situations, including cultural-historical activity theory and conversation analysis. The book's conclusion highlights the potential of mentoring to widen access to learning and therefore address issues that relate to social injustice and inequality, particularly in, but not limited to, under-resourced contexts. This volume will be of particular interest to teacher educators, pre-service and in-service language teachers,

and students and scholars of applied linguistics and English language teaching.

Introducing Mentoring Perrone-Ambrose Associates,

This book is a compilation of very personal approaches to mentoring and sponsoring, breaking the stereotypes of seniority, age or experience. The authors have provided a platform to understand that mentoring and especially sponsoring are in fact a win-win relation, in which both sides, mentors and mentees; and sponsors and sponsored individuals learn from each other, enhancing their career paths. How they managed to create a growth space for themselves and their teams through mentoring and sponsoring, is a story of professional

leadership. They shared a privileged outlook to understand the root causes of barriers, as well as to envision plausible solutions for difficult career crossroads, in which mentorship or sponsoring was key to steer step changes. The authors propose not only their vision, but a remarkable collection of unfiltered interviews with young and renown professionals in many sectors, from photography to music, research, sports, energy, and more, completing a vision of what is key for both sides of the equation pertinent to mentoring and sponsoring: the givers and the receivers. They explain what is needed to gain the most out of the mentoring and sponsoring loops, with their own career stories. Success is supported by many factors, in which the most important are the technical competency and performance aligned with resilience. However, in the long path of a career, mentors and particularly sponsors play a foundational and frequently a changing-life role, improving our perspective or triggering reflections and actions that benefitted our journeys at work and in life. This book provides insights on what works for an effective mentoring and sponsoring process. It is useful for all professionals, especially those starting their career journeys.

Mining the Mentor's Mind Taylor & Francis

The word "mentor" brings to mind pairing people for learning opportunities, usually with the older, more experienced person doing the teaching. However, because of

our technological age, younger employees often coach senior executives, allowing seniors to learn much from juniors or the less experienced. Therefore, reverse mentoring can be most effective when senior mentors are teachable and humble about the process. As a university professor, I have learned a deeper dimension of life from former students; thus, they became Student-Mentors. The wonderful perspectives given in this book were written by former students of mine. Each one made a meaningful impact not only in their classrooms and on their teacher but upon our society as well. They help us to look beyond our pain and see God at work in life's tragedies. Let their stories inspire you to live your life in such a way as to positively influence your world.

How can you learn the keys to achieving the expressions of your potential? How do you make your levels of professional performance second to none? How do you acquire the closely guarded secrets that distinguish outstanding and successful people from the simply average? The answer lies in the time-honored tradition of mentoring. While much has been written about mentoring, few if any books uncover the strategies and methods to finding mentors for every aspect of one's life. Mentoring reveals the secrets to achieving high degrees of success: personal, professional, economic, and emotional through a series of stories and letters illustrating the mentoring relationship. Floyd Wickman and Terri Sjodin (as mentor and protege

themselves in writing this book) prove that mentoring can be an important catalyst to success. The authors worked together for five years researching and developing the work, calling upon mentoring experiences of other highly successful and fulfilled people. Mentoring relationships are not only available to a lucky few. As this book explains, anyone can maximize their potential with the help of the right mentor. Readers will discover how to create a successful mentoring lifestyle, including: four basic reasons why mentoring works and the benefits of having a mentor; how to select a good mentor or protege; 16 laws of mentoring; how to involve mentors in every facet of your life from family to fitness to spiritual development; secrets for effectively working with and developing a protege; creating meaningful synergy between mentor and protege.

How can coaches maximise the effectiveness of their practice? What can research tell us about how and why coaching 'works'? How can we use the evidence base to enable others to reach their full potential? Coaching with Research in Mind brings together cutting-edge research in coaching and psychology, accessibly summarises the findings, and provides a clear and specific breakdown of what research tells us coaches and leaders should be doing and why. Rebecca J. Jones provides practitioners with the information and guidance they need to apply research in their practice, explaining how coaches can understand coachee characteristics, how they impact the coaching process and how coaches should adapt their practice to accommodate them. The

book explains how to identify which principles of the coaching process influence effectiveness and tailor practice to maximise their impact. Jones also explores the impact of environmental factors and assesses how their influence can be limited. Coaching with Research in Mind will be essential reading for both new and experienced coaches looking to enhance the effectiveness and impact of their coaching, and for managers, leaders and L&D procurers who utilise coaching as a leadership style.

Key Coaching Models John Wiley & Sons

Mentoring plays a very effective role in the current environment, which is

described as VUCA (volatile, uncertain, complex, ambiguous). In order to cope with this environment, organizations have to be responsive, and for this, people in the organization have to be responsive. A responsive person quickly reacts to people or events and shows emotions such as pleasure and affection spontaneously while working with or for people. A responsive leader is driven to understand people and enhance their readiness to appropriately react or respond. Such leaders, equipped with the necessary competencies, can mentor others to transform them to become responsive. Therefore, such leaders and mentors can trigger a multiplying effect in the organization to create many more mentors like them. Mentoring gives one the opportunity to use one 's valuable possessions (knowledge, skills, attitudes, values, and other attributes) respectfully in developing others. Nothing gives such a strong boost to one 's self-esteem and experience of self-actualization, as seeing the achievements of those, in whose development, he/she has invested. Responsive mentors put others first and care about their needs. This builds goodwill, strengthens relationships, and cultivates trust and mutual concern. Mentoring cannot be understood and practiced in isolation, it is very closely related to a few other interventions like Coaching, Feedback, Counseling, and Pygmalion. A number of appropriate behavioral skills help mentoring unleash its tremendous potential. This book, conceived after over 50 years of managerial experience in diverse fields, especially in developing people and organizations, is a valuable resource for being an

exemplary mentor and also encouraging and developing others to become responsive and also become mentors. The process has been so vividly described that any organization can initiate mentoring smoothly. Written in simple language, with a formidable blend of theory and practice on one hand and content and process on the other, this book will be highly beneficial to mentors, mentees, line managers, HR/HRD professionals, management faculty, teachers, and trainers.

Responsive Mentoring Springer Nature
Based on the material taught in ITD's certification, training, and "mega-guru" conferences, *Becoming an Effective Mentoring Leader* presents key concepts and strategies any managers can use to boost morale, production, and, eventually, the bottom line by including mentoring in their daily activities.

Reverse Mentoring Balboa Press
A hands-on and usable guide to making the first 90 days of your mentoring relationship a success. In *Starting Strong*, mentoring experts Lois J. Zachary and Lory A. Fischler weave a compelling tale that exemplifies the concepts, highlights the dynamics, and outlines the issues involved in mentoring relationships. The authors use the form of a fable to tell the story of a budding mentoring relationship filled with possibilities, problems, and triumphs. The story of Cynthia, a seasoned professional, and her new mentee Rafa, brings to life Zachary and Fischler's wealth of mentoring suggestions and best practices and each episode of the fable is accompanied by reflection questions, key learnings, and strategies that readers can apply to their own mentoring relationships. The authors include a conversation playbook that guides mentors and mentees through six essential conversations that will help them establish a strong mentoring

connection, and keep it moving forward. As organizations face the transition of departing Boomers and arriving Millennials, *Starting Strong* offers a hands-on and readable guide to create effective mentoring relationships that will ensure the success of that transition. The book:
Covers the key components of a successful mentoring relationship including building trust, establishing a comfort zone (and then having the courage to leave it), holding productive meetings, dealing with power dynamics, setting goals, and keeping momentum going
Shows how to avoid common pitfalls and overcome mentoring obstacles
Applies to any organizational or institutional setting
Starting Strong is more than an engaging story of mentorship, it's a vital resource for understanding how to implement and sustain a meaningful mentoring relationship.

"The book helped me get my mentor! Before reading the book, I never considered getting a mentor and this book made a breakthrough in helping me understand that mentors can be very useful and made me to find a mentor." - Katarzyna Kuchnowska

• • • 100% of beta readers who finished the whole book found mentors within 6 months • • • • • 50% of Beta Readers who finished part 1 now have a mentor! • • • Over the past 2 years we have interviewed mentors around the world to collect their insights on how to find and keep mentors. Combining the stories from over 25 accomplished leaders with the experience gained from coaching over 20,000 leaders in 15 countries, we have written a practical guide to help people find the best mentors and keep them. We selected 20 people from the 150 who applied to become Beta

Readers. Over the course of a month they read and feedback every single of the 80+ exercises in the book. "I expected it to be a book about the authors' experiences, but I got so much more in terms of the reflective exercises and it helped me get on the right track. It's fantastic because it gives you the preparation above and beyond what you need in terms of approaching someone. It definitely gave me more confidence to approach someone. The book is like god-send! It gave me so much more than I expected! It is not like a regular book but it has a pool of exercises to help you think and reflect. " - Codruga Stephaniga "I'm also reading other mentoring books, and I found this book very different from others because of its reflective questions. Those questions are very useful as it helped me question myself on how I can improve and what I should do. Now, I always ask myself how exactly I need help with and have a specific problem in mind whenever I meet my mentor. This book is a great mentoring tool where we can find different resources to reflect and understand why mentors want to mentor and how they can help us, in terms of career or other parts of our lives. I really enjoyed reading the book! " - Joseph Fong Invest in Yourself & Find The Mentors You Want
