El presente manual, realizado por un grupo de profesores del Departamento de Econom3a Financiera y Contabilidad de la Universidad de Murcia, tiene como objetivo acercar la contabilidad financiera a personas con discapacidad intelectual, mediante la elaboraci3n de un texto que aborda la materia de manera completa y rigurosa, pero cuya redacci3n ha seguido las recomendaciones de InclusionEurope. Los autores del proyecto han realizado un texto que sirve de apoyo para la docencia de la asignatura de contabilidad financiera cuando est3 dirigida a personas con discapacidad intelectual, dividiendo la materia en 15 bloques tem3ticos, que abordan desde el concepto b3sico de contabilidad hasta la aplicaci3n del resultado, analizando una a una las distintas problem3ticas contables que cualquier alumno de contabilidad financiera debe dominar, pero salvando en la medida de lo posible, determinadas barreras existentes, como pueden ser: la dificultad para priorizar informaci3n, problemas de comprensi3n de enunciados complejos, d3ficit de comprensi3n de algunos dobles sentidos, o aspectos abstractos del lenguaje. El texto no trata de simplificar o reducir el contenido de la asignatura de contabilidad financiera, sino de hacerla accesible a personas con dificultades de

aprendizaje, de manera que el manual abarca en profundidad todos los aspectos contables que se estudian en la materia.

Bibliographic Guide to Law

Part of managing a facility or event of any kind is providing a safe experience for the patrons. Managers at all levels must educate themselves and prepare their organizations to confront potential threats ranging from terrorism and mass shootings to natural disasters and cybercrime. Security and Risk Assessment for Facility and Event Managers With HKPropel Access provides security frameworks that apply to all types of facilities and events, and it will help current and future facility and event managers plan for and respond to threats. The purpose of this text is to provide foundational security management knowledge to help managers safeguard facilities and events, whether they are mega sport events or local community gatherings. Presenting an overview of security principles and government policies, the text introduces an all-hazard approach to considering the types and severity of threats that could occur as well as the potential consequences, likelihood, and frequency of occurrence. Readers will be walked through a risk assessment framework that will help them plan for

threats, develop countermeasures and response strategies, and implement training programs to prepare staff in case of an unfortunate occurrence. Security and Risk Assessment for Facility and Event Managers addresses traditional threats as well as evolving modern-day threats such as cybercrime, use of drones, and CBRNE (chemical, biological, radiological, nuclear, and explosives) incidents. It also offers readers insightful information on the intricacies of managing security in a variety of spaces, including school and university multiuse facilities, stadiums and arenas, recreation and fitness facilities, hotels and casinos, religious institutions, and special events. Practical elements are incorporated into the text to help both students and professionals grasp real-world applications. Facility Spotlight sidebars feature examples of sport facilities that illustrate specific concepts. Case studies, application questions, and activities encourage readers to think critically about the content. Related online resources, available via HKPropel, include nearly 50 sample policies, plans, and checklists covering issues such as alcohol and fan conduct policies, risk management and evacuation plans, bomb threat checklists, and active shooter protocols. The forms are downloadable and may be customized to aid in planning for each facility and event. With proper planning and preparation, facility and event managers can prioritize the safety of their participants and spectators and mitigate potential threats. Security and Risk Assessment for Facility and Event Managers will be a critical component in establishing and implementing security protocols that help protect from

terrorism, natural disasters, and other potential encounters. Higher education instructors! For maximum flexibility in meeting the needs of facility or event management courses, instructors may adopt individual chapters or sections of this book through the Human Kinetics custom ebook program. Note: A code for accessing HKPropel is not included with this ebook but may be purchased separately.
