This volume is about Pope Francis, the diplomat. In his eight years

of pontificate, Pope Francis as a peacemaker has propagated the ideas of human and divine cooperation to build a global human fraternity through his journeys outside the Vatican. This book discusses his endeavours to connect and develop a common peaceful international order between countries, faith communities, and even antagonistic communities through a peaceful journey of human beings. The book analyses his speeches, and meetings as a diplomat of peace, including his visits to Cuba and the United States, and his mediations for peace in Colombia, Myanmar, Kenya, Egypt, Turkey, Jordan, Jerusalem, the Central African Republic, Sri Lanka, and Bangladesh. It discusses the role of Pope Francis as mediator in different circumstances through his own writings, letters, and Vatican documents; his encounters with world leaders; as well as his contributions to a universal understanding on inter-faith dialogue, climate change and the environment, and human migration and the refugee crisis. The volume also sheds light on his ideas on a post-pandemic just social order, as summarised in his 2020 encyclical. A definitive work on the diplomacy and the travels of Pope Francis, this volume will be of great interest to scholars and researchers of religious studies, peace and conflict studies, ethics and philosophy, and political science and international relations. It will be of great interest to the general reader as well.

The Mercedes 126 S-Class of 1979-1991 remains the most successful premium saloon in the company's history and is considered by many to be one of the best cars in the world. "You don't simply decide to buy an S-Class: it comes to you when fate has ordained that your life should take that course. The door closes with a reassuring clunk - and you have arrived," said the sales brochure of the first real

Sonderklasse, the W116. With over 300 colour photos and production histories and specifications for both Generation One and Two models, this is an essential resource for anyone with an interest in this timeless car. The book covers an overview of the key personalities who drove the development of this model; the initial 116 Sonderklasse and its subsequent evolution; the history and personality of each model and finally detailed analysis of the different engines - both petrol and diesel. This essential resource explores both the technical and social sides of how this legend was born and is superbly illustrated with 314 colour photographs.

The W201 was a compact saloon designed to address both concerns about fuel economy generated by the first oil crisis in the 1970s and competition for sales from the BMW 3 Series. Many doubted that Mercedes could deliver a compact car whilst retaining their traditional qualities. But the W201 soon won them over. For here was a car that was a real Mercedes in the tradition of the time - it was just smaller. With around 200 photographs, the book features the reasons behind the need to build a new compact saloon in the 1980s. It covers the styling, engineering and specification changes introduced over the lifetime of the model; gives full technical specifications, including paint and interior trim choices and production tables and vehicle number sequences. The story of Mercedes' long and exciting struggle to win the German Touring Car Championship with the 190 is covered. There is a chapter on the special US variants and, finally, a chapter on buying and owing a

201-series Mercedes.
