**Mercedes-Benz E-Class - Wikipedia**  
The Mercedes-Benz W211 is a chassis designation for the Mercedes-Benz E-Class, produced from 2002 through 2009. The W211 models replaced the W210 E-

---

Class models and were superseded by the Mercedes-Benz W212 in 2009. The car was available in two body types: Sedan and Estate (Estate models were sold in the US/Canada as Wagon).

The W211 E-Class was facelifted in June 2006 for the 2007 model year to address quality and technical issues raised by earlier models, Sensotronic was dropped, while Pre-Safe (w/o brake support) was made standard. The largest factory built engine in the E-class range is the E500 (badged E550 in the U.S.) which had its engine size increased from 5 litres to 5.5 litres in

2006 along with the facelift.
