Mini Down Under traces the history of one of New Zealand's

- and the world's - best-loved cars. More versions of the Mini were available in New Zealand than anywhere else, and the launching of the iconic car in February 1960 was a larger-than-life event. In this lively and personal story, the author tracks the Mini's life in New Zealand, the connection between Kiwi racing driver Bruce McLaren and the birth of the Mini Cooper, the heady days of competition success in the Antipodes, the local assembly and marketing of the classic original car and the eventual development into the latest generation Mini for a new century.

This book is a TV tie-in, following the 12-part TV series Ant Anstead Master Mechanic, aired on Motor Trend, part of the Discover Network in the US and UK, following Ant Anstead's build of his own-design 'special' car, taking inspiration from the Alfa 158 - the first World Championship-winning F1 car, which raced from the 1930s until the 1950s. The 12-part TV series followed Ant's build of the car, from the

first design ideas, through the construction, culminating in the debut of the car during the 2019 US Grand Prix weekend in Austin, Texas. The book follows Ant's personal build of the car, from the selection of the donor MG TD for the chassis, and Alfa Romeo Spider for the engine and gearbox, through modifying the chassis, building the suspension, steering, brakes, bodywork and interior, and putting all the components together to produce a finished one-off 'special.' Content includes: Introduction The history of specials Planning Donor car Chassis, suspension, steering, rear axle Engine, fuel system, cooling system, ancillaries, exhaust Gearbox Bodywork Braking system Cockpit Wiring Preparation and painting Testing Setting up and Making road legal. *Lemon-Aid Used Cars and Trucks 2009-2010* Haynes Manuals Publisher's Note:

"This book offers the reader the best example of how a great idea can, eventually, create a revolution and change a whole community. I met Frank Cruz years ago on the streets of Los Angeles. He witnessed the Latino wave from its beginnings. Frank is a pioneer, a creator, and a fantastic journalist. I doubt he ever expected to be writing his own story. But, if you want to understand us, read this book."
Jorge Ramos, Journalist and Author
"Frank Cruz has cracked open that unmarked box tucked away in America's attic. So afraid to reveal its contents, we forget the jewels it hides. Through his story, Frank lets us peek into our history. A diverse, complicated people with a textured history. Grit, faith and ingenuity -- we shouldn't hide that. Bravo, Frank."
Xavier Becerra, Attorney General of California Latino

Public Broadcasting is dear to my heart and its legitimization of our stories exists because of the guidance and expertise of my compadre Frank Cruz. His wisdom and leadership developed as he broke through barriers in multiple industries and ultimately rose to the top in each of his careers, as he has recounted in this memoir. Through his own story, Frank continues to teach, inspire, and give voice to the Latino experience. Edward James Olmos, Actor, Director, Producer, and Activist "Frank Cruz has lived a life of accomplishment and contributions. He paved an untrodden path of Latino journalistic professionalism and was courageously and determinedly true to his vision. In so doing, he touched many lives and set a stellar example."
Henry Cisneros, former HUD Secretary and San Antonio Mayor
"This important story is very well told and

full of good anecdotes, reflections and advice. Frank Cruz's graduate work in history, experience in journalism, and ability to make a point by telling a compelling story, are all put to good use in telling his own unique story which will inform and inspire." Felix Gutierrez, Journalism Professor Emeritus, USC
