Nothing in this world works the way you think it does; there is always more to the story. Be aware that there is a war for your mind and your soul. Corporations have taken over governments in a new form of Fascism that now incorporates high technology and artificial intelligence. The survival of the human race may depend on breaking the Embargo of truth, and collectively developing an ÜberMind. But truth always resonates! Beyond Esoteric takes off the kids gloves, and exposes the control grid extending its tentacles across the planet. The word occult means nothing more than to study the realm of the hidden. So much of real knowledge and wisdom is disguised because the people who run the planet feel that true information of how the world works and how to manifest reality is something you do not need to know. Everything we think we know about the world and the universe in which we live, whatever we have been led to believe concerning the course of human history, could very well be completely wrong, distorted and misinformed. The 19th century teachers of the occult could never have imagined escaping prison planet in the 21st century we now face, one that extends far Beyond Esoteric.

"Required reading for every woman who longs to step into her power and live with pleasure and purpose." — Kris Carr, New York Times best-selling author Author, educator, and School of Womanly Arts founder Regena Thomashauer has been working with women for the past 25 years, and what began as just a few women in her living room has since grown into a global movement with thousands of graduates worldwide. In her New York Times bestseller Pussy: A Reclamation, she reveals what no one taught you about the source of your feminine power and how to use it. This power is the part of a woman that she has been taught to ignore, push down, and despise. Indeed, the word that most viscerally sums it up is "arguably the most powerful pejorative word in the English language." Like any expletive used effectively, the title of this book is meant to be a wake-up call. It is a reclamation, in a world that desperately requires the feminine. Readers learn the secret ingredient every woman is missing; how to crack the confidence code; why sex appeal is an inside job; what ’ s ahead on the next frontier of feminism—and how they can help make it happen; and much more. By turns earthy and erudite, passionately argued and laugh-out-loud funny, Pussy delivers the tools and practices a woman requires to do and be whatever she wants in this life. It ’ s a call for her to tune in, turn on, and not drop out—but live more richly, fully, and lusciously than she ever thought she could.
