MerCruiser Alpha One 30 Manual - engineeringstudymaterial.net

Strong. Versatile. Reliable. Available for single and twin engine applications, the Alpha One's efficient hydrodynamic profile produces very little drag, which means better boat performance and fuel economy. Features like an integrated water pump and permanently lubricated pivot points let you spend less time on maintenance and more time boating.

MerCruiser Alpha 1, GEN 1 Outdrive - 1.30:1

The reliable Alpha One is the most popular sterndrives in the world. Available for single and twin engine applications, standard and counter-rotating. The efficient hydrodynamic profile produces very little drag, which means better boat performance and fuel economy. Designed for boats capable of up to 65 mph and gas engines delivering up to 300hp.
