service repair manual

gives complete step by step information on maintenance, tune-up, repair and overhaul.

Re: 2005 mercury 50 ELPTO Problem was the voltage regulator and the wiring harness for that was burnt up. Tech. says he has never seen that before that bad. Brand new boat, 1 year old, what could be the problem, just a bad/shorted regulator, or maybe a shorted or reversed polarity battery. Should I get a new charging battery to be on the safe side.
