First published in 1904, '120 Days of Sodom' is a 1785 novel by Marquis de Sade, a French nobleman, revolutionary politician, philosopher, and writer

celebrated for his literary portrayals of a primarily imagined libertine sexuality. His works include novels, short stories, plays, dialogues, and political tracts. It is the tale of four noble male libertines who choose to follow ultimate sexual gratification in the form of orgies. To this end, they seclude themselves in an isolated castle in the heart of the Black Forest for four months, along with a harem of 46 victims-most of whom are young male and female teenagers.

This is a print on demand edition of a hard to find publication. Explores whether sufficient data exists to examine the temporal and spatial relationships that existed in terrorist group planning, and if so, could patterns of preparatory conduct be identified? About one-half of the terrorists resided, planned, and prepared for terrorism relatively close to their eventual target. The terrorist groups existed for 1,205 days from the first planning meeting to the date of the actual/planned terrorist incident. The planning process for specific acts began 2-3 months prior to the terrorist incident. This study examined selected terrorist groups/incidents in the U.S. from 1980-2002. It provides for the potential to identify patterns of conduct that might lead to intervention prior to the commission of the actual terrorist incidents. Illustrations.
