Sams Publishing

The legends of King Arthur have not only endured for centuries, but also flourished in constant retellings and new stories built around the central themes. With the coming of motion pictures, Arthur was destined to hit the screen. This edition of Cinema Arthuriana, revised in 2002, presents 20 essays on the topic of the recurring presence of the legend in film and television from 1904 to 2001. They cover such films as Excalibur (1981) and Monty Python and the Holy Grail (1975), television productions such as The Mists of Avalon (2001), and French and German films about the quest for the Holy Grail and the other adventures of King Arthur and the Knights of the Round Table.

Documentation Abstracts Butterworth-Heinemann

The earth-shattering conclusion to the legend of Merlin. Returning from his epic journey to Constantinople, Myrddion Merlinus finds Briton in the grip of Uther Pendragon's bloodthirsty war against the Saxons. Coerced into obedience, Myrddion must serve Uther's brother Ambrosius, the High King, in order to spare the lives of his beloved fellow travellers. Ambrosius is an honest and wise ruler and Myrddion's skills are put to good use setting up a spy network while training healers across the land.

But when Ambrosius is poisoned, his untimely death propels Myrddion back into the callous hands of Uther Pendragon. The new High King will stop at nothing to force Myrddion to accede to his unthinkable wishes. Myrddion's only solace is the prophecy that his suffering is not in vain. But will he survive the taint of Uther's madness and enable good to come from evil?

NEW YORK TIMES BESTSELLER • A "brilliant [and] entrancing" (The Guardian) journey into the hidden lives of fungi—the great connectors of the living world—and their astonishing and intimate roles in human life, with the power to heal our bodies, expand our minds, and help us address our most urgent environmental problems. "Grand and dizzying in how thoroughly it recalibrates our understanding of the natural world."—Ed Yong, author of I Contain Multitudes ONE OF THE BEST BOOKS OF THE YEAR—Time, BBC Science Focus, The Daily Mail, Geographical, The Times, The Telegraph, New Statesman, London Evening Standard, Science Friday When we think of fungi, we likely think of mushrooms. But mushrooms are only fruiting bodies, analogous to apples on a tree. Most fungi live out of sight, yet make up a massively diverse kingdom of organisms that supports and sustains nearly all living systems. Fungi provide a key to understanding the planet on which we live, and the ways we think, feel, and behave. In Entangled Life, the brilliant young biologist Merlin Sheldrake shows us the world from a fungal point of view, providing an exhilarating change of perspective.

Sheldrake's vivid exploration takes us from yeast to psychedelics, to the fungi that range for miles underground and are the largest organisms on the planet, to those that link plants together in complex networks known as the "Wood Wide Web," to those that infiltrate and manipulate insect bodies with devastating precision. Fungi throw our concepts of individuality and even intelligence into question. They are metabolic masters, earth makers, and key players in most of life's processes. They can change our minds, heal our bodies, and even help us remediate environmental disaster. By examining fungi on their own terms, Sheldrake reveals how these extraordinary organisms—and our relationships with them—are changing our understanding of how life works. Winner of the Wainwright Prize, the Royal Society Science Book Prize, and the Guild of Food Writers Award • Shortlisted for the British Book Award • Longlisted for the Rathbones Folio Prize

Cinema Arthuriana John Wiley & Sons

A Manager's Guide to Telecommunications discusses the basic principles of various telecommunications equipment that can be utilized in management practice. The book also covers the techniques, relevance, and selection of different telecommunication devices. The text first covers communication and computers, and then proceeds to tackling transmission technology and techniques. The next chapter covers networks and exchanges, while the succeeding two chapters discuss voice and text communication, respectively. The last two chapters talk about database on-line database and local area networks, successively. The book will be of great use to those in management positions who wish to learn more about the various telecommunications equipment.

When Morgana's nightmares spill into waking hours she becomes terrified that she has magic. Gaius is determined to keep her in the dark for her own good but Merlin won't stand by and watch his friend suffer. He knows exactly what she's going through and he knows she needs the truth. Is Merlin about to reveal his secret at last? Willfully disobeying Gaius, Merlin risks everything to help Morgana, little guessing what the far reaching consequences might be. Lives are put in danger, loyalties are tested, and Morgana is reunited with the strange young druid boy Mordred, who the Dragon predicted would one day kill Arthur . . .

OSF/1 User's Guide Copyright Office, Library of Congress

A fantastic guide to the best outdoor fun in the Pacific Northwest, covering Oregon, Washington, Victoria and Vancouver in British Columbia and far northern California. This ever-popular region offers unlimited opportunities for the active traveler, and this book shows you where, when and how to find them. Kayaking, hiking, cycling, trekking, horseback riding, boating and more to fill your days with adventure.

Sightseeing, museums, galleries, theaters and picnicking will take care of your "down time." Maps, photos. "Most people are aware that the Space Needle is in Seattle and that the Columbia River Gorge is a must-see on any trip to the Northwest. But where should you turn for information about watching the killer whales (orcas) among Washington's gorgeous San Juan Islands? Fishing along the rugged Oregon coast? Hiking in country said to be frequented by Bigfoot himself? Parasailing over Puget Sound? Engaging some llamas to carry your gear on a camping trip to the high country? And much, much more. "Adventure Guide to the Pacific Northwest" will take you where you want to go." -- Reader. "Adventure Guide to the Pacific Northwest by Don & Marjorie Young is a Hunter Travel Guide which I can also highly recommend. We love traveling in the Pacific Northwest but there is so very much to see I couldn't imagine how they could get it all into one book, but they have done a very good job of it! The organization of the book makes it easy to find just what you want in each area from restaurants and places to stay in all price ranges, tours, camping, information sources, maps, etc. I especially like the sections called Adventures which have separate categories for on foot, horseback, wheels, water, and snow. This is a guide worth having and nominally priced." -- Bonnie Neely

Streamline your workflow and bring your vision to life The Together Leader is a practical handbook for the busy mission-driven leader. With an emphasis on time management, the book provides all of the tools, templates, and checklists necessary for leaders to stay organized and keep on top their responsibilities. Maia Heyck-Merlin describes step-by-step a set of habits and systems that help leaders to keep everything running smoothly and, most importantly, achieve their mission-driven goals. By learning how to plan for the predictable, leaders can face the unexpected head-on, going off-plan while keeping their eye on the objective. Education leaders will learn how to prioritize quickly and efficiently, and gain access to hands-on tools that take the turbulence out of their days, allowing them to truly become a Together Leader. Mission-driven leaders are often required to multi-task; it's part of the job. This book gives leaders the tools and information they need to streamline their workflow, to take the day one task at a time without sacrificing productivity. The book includes lessons on how to: Prioritize effectively and work efficiently Get organized and stay prepared no matter what Manage time, staff, and resources Develop the habits of an effective leader A leader's time is valuable, as is that of their staff. There's no room for waste. The Together Leader prepares leaders to truly lead their teams, with the tools and strategies that make real, effective mission-driven leadership possible.

Reading the animal text in the landscape of the damned looks at the diverse texts of our everyday world relating to nonhuman animals and examines the meanings we imbibe from them. It describes ways in which we can explore such artefacts, especially from the perspective of groups and individuals with little or no power. This work understands the oppression of nonhuman animals as being part of a spectrum incorporating sexism, racism, xenophobia, economic exploitation and other forms of oppression. The enquiry includes, physical landscapes, the law, women's rights, history, slavery, language use, economic coercion, farming, animal

experimentation and much more. Reading the animal text in the landscape of the damned is an academic work but is accessible, theoretically based but robustly practical and it encourages the reader to take this enquiry further for both themselves and for others.
