Algebrator really helps you out in merrill advanced mathematical concepts textbook tests. I have looked for all Math software on the net. It is very easy to use . You just give your problem and it will generate a complete step-by-step report of the solution. This helped me much with rational equations, angle-angle similarity and mixed numbers.

*Solutions to Advanced Mathematical Concepts: Precalculus ...*  
advanced mathematical concepts "Advanced Mathematical Concepts" provides comprehensive coverage of all the topics covered in a full-year Precalculus course. Its unique unit organization readily allows for semester courses in Trigonometry, Discrete Mathematics, Analytic Geometry, and Algebra and Elementary Functions.
