Frankenstein: Prodigal Son Simon and Schuster

A hundred years before Ender's Game, humans thought they were alone in the galaxy. Humanity was slowly making their way out from Earth to the planets and asteroids of the Solar System, exploring and mining and founding colonies. The mining ship El Cavador is far out from Earth, in the deeps of the Kuiper Belt, beyond Pluto. Other mining ships, and the families that live on them, are few and far between this far out. So when El Cavador's telescopes pick up a fast-moving object coming in-system, it's hard to know what to make of it. It's massive and moving at a significant fraction of the speed of light. But the ship has other problems. Their systems are old and failing. The family is getting too big. There are claim-jumping corporates bringing Asteroid Belt tactics to the Kuiper Belt. Worrying about a distant object that might or might not be an alien ship seems...not important. They're wrong. It's the most important thing that has happened to the human race in a million years. This is humanity's first contact with an alien race. The First Formic War is about to begin. Earth Unaware is the first novel in The First Formic War series by Orson Scott Card and Aaron Johnston. Out Of Control Basic Books

Out of Control chronicles the dawn of a new era in which the machines and systems that drive our economy are so complex and autonomous as to be indistinguishable from living things.

The Ashes of Worlds Macmillan

In Robert A. Heinlein's controversial Hugo Award-winning bestseller, a recruit of the future goes through the toughest boot camp in the Universe—and into battle against mankind's most alarming enemy... Johnnie Rico never really intended to join up—and definitely not the infantry. But now that he's in the thick of it, trying to get through combat training harder than anything he could have imagined, he knows everyone in his unit is one bad move away from buying the farm in the interstellar war the Terran Federation is waging against the Arachnids. Because everyone in the Mobile Infantry fights. And if the training doesn't kill you, the Bugs are more than ready to finish the job... "A classic...If you want a great military adventure, this one is for you."—All SciFi

The Force Unleashed Campaign Guide Orbit

A prince with a quest, a beautiful commoner with mysterious powers, and dragons who demand to be freed—at any cost Filled with the potent mix of the supernatural and romance that made A Discovery of Witches a runaway success, Moth and Spark introduces readers to a vibrant world—and a love story they won't soon forget. Prince Corin has been chosen to free the dragons from their bondage to the power Mycenean Empire, but dragons aren't big on directions. They have given him some of their power, but none of their knowledge. No one, not the dragons nor their riders, is even sure what keeps the dragons in the Empire's control. Tam, sensible daughter of a well-respected doctor, had no idea before she arrived in Caithenor that she is a Seer, gifted with visions. When the two run into each other (quite literally) in the library, sparks fly and Corin impulsively asks Tam to dinner. But it's not all happily ever after. Never mind that the prince isn't allowed to marry a commoner: war is coming. Torn between his quest to free the dragons and his duty to his country, Tam and Corin must both figure out how to master their powers in order to save Caithen. With a little help from a village of secret wizards and rogue dragonrider, they just

might pull it off.

Metal Swarm Penguin

In the aftermath of a devastating war, swarms of ancient black robots built by the lost insectoid Klikiss race continue their depredations on helpless worlds with stolen and heavily armed Earth battleships. Among the humans, the Hansa's brutal Chairman struggles to crush any resistance even as King Peter breaks away to form his own new Confederation among the colonies who have declared their independence. And meanwhile, the original, voracious Klikiss race, long thought to be extinct, has returned, intent on conquering their former worlds and willing to annihilate anyone in the way. Praise for the Saga of Seven Suns? "A soaring epic? A space opera to rival the best the field has ever seen." -- Science Fiction Chronicle "Kevin Anderson has created a fully independent and richly conceived venue for his personal brand of space opera, a venue that nonetheless raises fruitful resonances with Frank Herbert's classic Dune series." -- Scifi.com

In Chancery Simon and Schuster

Five years after attacking the human-colonized worlds of the Spiral Arm, the hydrogues maintain absolute control over stardrive fuel...and their embargo is strangling human civilization. On Earth, mankind suffers from renewed attacks by the hydrogues and decides to use a cybernetic army to fight them. Yet the Terran leaders don't realize that these military robots have already exterminated their own makers - and may soon turn on humanity. Once the rulers of an expanding empire, humans have become the galaxy's most endangered species. But the sudden appearance of incredible new beings will destroy all balances of power. Now for humans and the myriad alien factions in the universe, the real war is about to begin...and genocide may be the result.

Orson Scott Card and Aaron Johnston return to their Ender's Game prequel series with this first volume of an all-new trilogy about the Second Formic War in The Swarm. The first invasion of Earth was beaten back by a coalition of corporate and international military forces, and the Chinese army. China has been devastated by the Formic's initial efforts to eradicate Earth life forms and prepare the ground for their own settlement. The Scouring of China struck fear into the other nations of the planet; that fear blossomed into drastic action when scientists determined that the single ship that wreaked such damage was merely a scout ship. There is a mothership out beyond the Solar System's Kuiper Belt, and it's heading into the system, unstoppable by any weapons that Earth can muster. Earth has been reorganized for defense. There is now a Hegemon, a planetary official responsible for keeping all the formerly warring nations in line. There's a Polemarch, responsible for organizing all the military forces of the planet into the new International Fleet. But there is an enemy within, an enemy as old as human warfare: ambition and politics. Greed and self-interest. Will Bingwen, Mazer Rackam, Victor Delgado and Lem Juke be able to divert those very human enemies in time to create a weapon that can effectively defend humanity in the inexorable Second Formic War? Reluctant Immortals Delacorte Press

In the far future, humanity began to search the stars, sending out vast spaceships that would take generations to reach their goals. In the depths of space they encountered the Ildiran empire - apparently the galaxy's only other intelligent civilization. The Ildirans came to Earth and passed on the knowledge of their stardrive, allowing humanity to expand to the stars. Almost two hundred years after that first contact, there are human colonies proliferating through the galaxy. As Mankind seizes the future, danger comes from the past, for two human archaeologists glean forbidden knowledge from the ruins of a dead world. Once, the insect-like Klikiss ruled the stars. Now, only their robot servants remain, guardians of a terrible technology - the Klikiss Torch, which has the power to create suns. Now, Humanity prepares to flex its new found muscle and activate the Torch for the first time in millennia, but there are reasons the Klikiss empire fell, and a train of events is about to be set in motion, that will change the universe...

The Saga of Seven Suns: Metal Swarm, Bk 6 Entangled: Teen

Gonzo journalist and literary roustabout Hunter S. Thompson flies with the angels—Hell's Angels, that is—in this short work of nonfiction. "California, Labor Day weekend . . . early, with ocean fog still in the streets, outlaw motorcyclists wearing chains, shades and greasy Levis roll out from damp

garages, all-night diners and cast-off one-night pads in Frisco, Hollywood, Berdoo and East Oakland, heading for the Monterey peninsula, north of Big Sur. . . The Menace is loose again." Thus begins Hunter S. Thompson's vivid account of his experiences with California's most notorious motorcycle gang, the Hell's Angels. In the mid-1960s, Thompson spent almost two years living with the controversial Angels, cycling up and down the coast, reveling in the anarchic spirit of their clan, and, as befits their name, raising hell. His book successfully captures a singular moment in American history, when the biker lifestyle was first defined, and when such countercultural movements were electrifying and horrifying America. Thompson, the creator of Gonzo journalism, writes with his usual bravado, energy, and brutal honesty, and with a nuanced and incisive eye; as The New Yorker pointed out, "For all its uninhibited and sardonic humor, Thompson's book is a thoughtful piece of work." As illuminating now as when originally published in 1967, Hell's Angels is a gripping portrait, and the best account we have of the truth behind an American legend.

Terraforming Earth Simon and Schuster

Kai and Caleb Goodacre have been kidnapped just as rumors of a cult sweeping across the reservation leads Maggie and Hastiin to investigate an outpost, and what they find there will challenge everything they've come to know in this "badass" (The New York Times) action-packed sequel to Trail of Lightning. It's been four weeks since the bloody showdown at Black Mesa, and Maggie Hoskie, Diné monster hunter, is trying to make the best of things. Only her latest bounty hunt has gone sideways, she's lost her only friend, Kai Arviso, and she's somehow found herself responsible for a girl with a strange clan power. Then the Goodacre twins show up at Maggie's door with the news that Kai and the youngest Goodacre, Caleb, have fallen in with a mysterious cult, led by a figure out of Navajo legend called the White Locust. The Goodacres are convinced that Kai's a true believer, but Maggie suspects there's more to Kai's new faith than meets the eye. She vows to track down the White Locust, then rescue Kai and make things right between them. Her search leads her beyond the Walls of Diné tah and straight into the horrors of the Big Water world outside. With the aid of a motley collection of allies, Maggie must battle body harvesters, newborn casino gods and, ultimately, the White Locust himself. But the cult leader is nothing like she suspected, and Kai might not need rescuing after all. When the full scope of the White Locust's plans are revealed, Maggie's burgeoning trust in her friends, and herself, will be pushed to the breaking point, and not everyone will survive.

Rumor Mora fears two things: hellhounds too strong for him to kill, and failure. Jude Welton has two dreams: for humans to stop killing monsters, and for his strange abilities to vanish. But in no reality should a boy raised to love monsters fall for a boy raised to kill them. Nyx Llorca keeps two secrets: the moon speaks to her, and she's in love with her best friend, Dahlia. Braeden Tennant wants two things: to get out from his mother's shadow, and to unlearn his colony's darkest secret. To save everyone they love, they'll both have to commit treason. During one twenty-seven-hour night, these four runaways must stop the war between the colonies and the monsters from becoming a war of extinction, or the things they fear most will be all that's left.

Baksidestext: "Welga Ramirez, executive bodyguard and ex-special forces, is about to retire early when her client is killed in front of her. It's, 2095 and people don't usually die from violence.

Humanity is entirely dependent on pills that not only help them stay alive but allow them to compete with artificial intelligence in an increasingly competitive gig economy. Machinehood is a thrilling and thought-provoking novel that asks: if we won't see machines as human, will we instead see humans as machines?"

Project Hail Mary Simon and Schuster

2023 Lambda Literary Award Winner 2023 Bram Stoker Award Finalist for Superior Achievement in a Novel For fans of Mexican Gothic, from three-time Bram Stoker Award – winning author Gwendolyn Kiste comes a novel inspired by the untold stories of forgotten women in classic literature—from Lucy Westner, a victim of Stoker's Dracula, and Bertha Mason, Mr. Rochester's attic-bound wife in Charlotte Brontë's Jane Eyre—as they band together to combat the toxic men bent on destroying their lives, set against the backdrop of the Summer of Love, Haight-Ashbury, 1967. Reluctant Immortals is a historical horror novel that looks at two men of classic literature, Dracula and Mr. Rochester, and the two women who survived them, Bertha and Lucy, who are now undead immortals residing in Los Angeles in 1967 when Dracula and Rochester make a shocking return in the Haight-Ashbury district of San Francisco. Combining elements of historical and gothic fiction with a modern perspective, in a tale of love and betrayal and coercion, Reluctant Immortals is the lyrical and harrowing journey of two women from classic literature as they bravely claim their own destiny in a man's world.

Titan's Fall Simon and Schuster

Zerfall awakens in an alley, wounded and unable to remember her past. Chased by an assassin out into the endless wastes of the desert, she is caught, disfigured, and left for dead. Her scabbard is empty, but the need for answers—and the pull of her sword—will draw her back to the city-states. When Jateko, a naïve youth, accidentally kills a member of his own tribe, he finds himself outcast and pursued across the desert for his crimes. Crazy from dehydration, dying of thirst and hunger, he stumbles across Zerfall. Hunted by assassins and bound by mutual need, both Zerfall and Jateko will confront the Tã uschung, an ancient and deranged religion ruled by a broken fragment of Zerfall's mind. Swarm, the Tã uschung hell, seethes with imprisoned souls, but where gods—real or imagined—meddle in the affairs of man, the cost is high. In Swarm and Steel, the power of belief can manifest and shape reality, and for political and religious leaders, faith becomes a powerful tool. But the insane are capable of twisting reality with their delusions as well, turning increasingly dangerous as their sanity crumbles. It is here that a long prophesied evil will be born, an endless hunger. The All Consuming will rise.
