Without the close, there is no sale. Pretty obvious, right? Yet, for many salespeople, closing is the most baffling and elusive part of the selling process. All too often, salespeople meet qualified clients and charm them with an eloquent presentation, only to see the sale mysteriously slip from between their fingers in the end. Which is sad when you consider all the hard work – the prospecting, preparation, planning, and practice – done for the sake of a moment of truth that never arrives. Fortunately, closing is an art that can be mastered, and now *Sales Closing For Dummies* shows you how. Packed with powerful principles that can help you become a top-producing salesperson, *Sales Closing For Dummies* is the ultimate guide to mastering that most mysterious part of the selling equation. Tom Hopkins, the legendary sales genius who, by age 30 was the nation's leading real-estate trainer, demystifies closing and shows what it takes to be a champion closer, including how to: Lead a sale without being pushy Read the signs of an interested potential buyer Use questioning methods that close sales, time and again Help clients feel good about their buying decisions Keep your clients' business and build their loyalty Build long-term relationships and watch your sales grow With the help of dozens of real-life examples from a wide cross section of industries, Tom shows why professional selling is about communication, not coercion. And he shares his considerable insight and experience on: Verbal and visual buying cues and how to recognize them Choosing the best location for closing Addressing concerns and creating a sense of urgency Time-tested tactics and strategies for ending customer procrastination, overcoming their fear, closing from a distance, and more The ten biggest closing mistakes and how to avoid them Add-on selling and other ways of getting your clients to help you to build your business Featuring Tom's Hopkins' trademark "Red

Flag" key points and situation scripts, this fun, easy-to-understand guide arms you with the hands-on tools and techniques you'll need to become a world-class closer.

In this shocking exposé, two government fraud experts reveal how private contractors have put the lives of countless American soldiers on the line while damaging our strategic interests and our image abroad. From the shameful war profiteering of companies like Halliburton/KBR to the sinister influence that corporate lobbyists have on American foreign policy, Dina Rasor and Robert H. Bauman paint a disturbing picture. Here they give the inside story on troops forced to subsist on little food and contaminated water, on officers afraid to lodge complaints because of Halliburton's political clout, on millions of dollars in contractors' bogus claims that are funded by American taxpayers. Drawing on exclusive sources within government and the military, the authors show how money and power have conspired to undermine our fighting forces and threaten the security of our country.

What is calculus really for? This book is a highly readable introduction to applications of calculus, from Newton's time to the present day. These often involve questions of dynamics, i.e. of how - and why - things change with time. Problems of this kind lie at the heart of much of applied mathematics, physics, and engineering. From Calculus to Chaos takes a fresh approach to the subject as a whole, by moving from first steps to the frontiers, and by highlighting only the most important and interesting ideas, which can get lost amid a snowstorm of detail in conventional texts. The book is aimed at a wide readership, and assumes only some knowledge of elementary calculus. There are exercises (with full solutions) and simple but powerful computer programs which are suitable even for readers with no previous computing

experience. David Acheson's book will inspire new students by providing a foretaste of more advanced mathematics and showing just how interesting the subject can be.

Glorified Fasting Jones & Bartlett Publishers

“STAND FAST, AND hold the traditions which ye have been taught, whether by word, or our epistle Comfort your hearts; and stablish you in every good word and work Finally, brethren, pray for us, that the word; of the Lord may have free course, and be GLORIFIED, even as it is with you.” II Thess. 2:15, 17; 3:1. FASTING, like PRAYER, is a part of the word of God. To dispute this would be as

foolish as denying water is wet. Shall we “STAND FAST” on this IRREVOCABLE “TRADITION,” which we have been taught in the WORD, since it is indisputably a part of the WORD of God? Let us pray that it will “have free course, AND BE GLORIFIED,” in its proper place in order that JESUS may receive more glory and honor from His children. The purpose of this volume is to popularize, perhaps one of the most downtrodden of all Biblical subjects, and assist in the author’s small way to reestablish this part of the Gospel, bringing it out in all its glorious aspects. We are dealing with a tremendous portion of the Word—able to open up an avenue to tremendous power and glory with JESUS for the mutual welfare of His body, and the bringing of a mighty last day revival. By the proper utilization of fasting, praying, crying and mourning for souls, and by going into the FASTING-PRAYER without a selfish motive, many pillars of the FAITH can pull together in this travail to such an extent that when tragedy, destruction, persecution, and the rest of the last-day signs approach us more closely, we will have at our disposal a most effective weapon to carry us through for the glory of Jesus. It is NOT the purpose of this book, or any of the other articles on the subject of fasting, to leave an impression that this practice is the Scriptural cure-all for spiritual, moral and bodily complaints. Emphasis is given the subject for the purpose of quickly enlightening God’s people who seem to be “falling away” from the old-time faith, and to prevent the unhappy drift towards modernism that is so sweeping the land. We do not emphasize fasting for the purpose of bragging, or for such great merit that it would be boasting before our God, but we are pressing it forward with such tempo so that the children of the Bridegroom will become more quickly and

fully prepared for the closing of this Holy Spirit dispensation. This work has grown to such an extent, we have had to give up the revival auditorium. The author is devoting his entire time to the work of fasting, even discontinuing most of the traveling speaking engagements, in order to assure it greater success and promotion over the world for the mutual welfare of Christendom and the Kingdom of God. To make it even easier to grasp, the author has gone to additional expense in constructing drawings, diagrams and charts for numerous cuts to bring forth quickly through the eye-gate, this precious vital truth of orthodox Christianity. May the reader be blessed by them. This was done solely for the purpose of glorifying our most lovable Jesus. In the name of Father, and of the Son, and of the Holy Ghost, we, therefore, dedicate this work to Jesus. May it bring praise and honor of Him. Revelation 22:17-21.
