Clinical & Administrative Procedures Elsevier Health Sciences

Master the content from your textbook with this helpful study tool! Correlation to the 7th Edition of Kaye Bonewit-West’s Clinical Procedures for Medical Assistants, 7th Edition, by Kathy Bonewit-West. This study guide helps you understand and apply the material with exercises, activities, and review questions. Key terms assess your understanding, and point out where additional review is needed. Each chapter ends with a 20-item multiple-choice self-test and study guide. The Test Bank includes over 1,000 test questions, with answers. It is your one-stop shop for a variety of learning activities. The study guide features:

- Multiple-choice questions
- True/false questions
- Match-up questions
- Fill-in-the-blanks questions
- Drawings and diagrams
- Critical thinking questions and case studies
- Review questions

Examining the material and applying knowledge is key for success. If you want to be prepared for tomorrow's medical assisting profession, then look no further than Today's Medical Assistant! Consistent and meticulous coverage throughout the main text, Evolve resources, study guide, and SimChart for the Medical Office provide reliable content and unparalleled accuracy on the responsibilities of the modern medical assistant. The most current content ensures that you get the most information and insights on key topics such as: electronic medical records (EMR), HIPAA, and advanced directives documentation, CAAHEP and ABHES standards. Updated content includes exercises for topics such as nutrition, the electronic medical record, ICD-10, emergency preparedness and disaster planning, time management, and computerized prescription refills.

EHR. NEW! Updated photographs and illustrations give readers a closer look at today's most pertinent information and skills for the medical assisting profession.

- SimChart for the Medical Office links important text content to illustrated guidance on each step of every procedure. The procedural videos on the Evolve companion site enable users to view the procedures in action. 8th grade reading level makes material approachable and easy to understand for all types of readers. Full-color design makes the book visually stimulating. NEW! Chapter on nutrition underscores the CAAHEP curriculum's emphasis on nutrition by incorporating the latest standards and competencies throughout all of its content and resources, but it also includes an incredibly wide assortment of engaging learning tools and activities that help readers fully understand and demonstrate those competencies.
