have a witch living right next door and never know about it. Take Paige, for instance, whom we first met in Kelley Armstrong's novel *Stolen*. Just an ordinary twenty-something who runs her own website design company, worries about her weight and wonders if she'll ever find a boyfriend. Okay, so she's leader of the American Coven and guardian of Savannah, the teenage daughter of a black witch. Really, life is ordinary. But then a telekinetic half-demon, Leah O'Donnell, shows up to fight for custody of Savannah. And although Paige is ready for her, she's not quite so prepared for the team of supernaturals that Leah brings with her, including a powerful sorcerer who claims to be Savannah's father. When all hell breaks loose -- literally -- and Paige is accused of witchcraft, Satanism and murder, the Coven, fearing exposure, abandons her. Cut off from her friends, Paige is forced against her better judgment to accept the help of a young sorcerer lawyer. And she quickly comes to realize that keeping Savannah could mean losing everything else. Breathtakingly thrilling, hip and funny, this new novel is another page-turning triumph from an author who is going from strength to strength. Part 2 of 2 Today we are releasing Version 2 of the CFPB Supervision and Examination Manual, the guide our examiners use in overseeing companies that

provide consumer financial products and services. Our manual, originally released in October 2011, describes how the CFPB supervises and examines these providers and gives our examiners direction on how to determine if companies are complying with consumer financial protection laws. We updated the supervision manual to reflect the renumbering of the consumer financial protection regulations for which the CFPB is responsible. The numbering conventions in the Code of Federal Regulations (CFR) allow the reader to easily identify which regulations fall under a particular agency's responsibility. The renumbering incorporated throughout the manual reflects the Dodd-Frank Act of 2010 transfer of rulemaking responsibility for many consumer financial protection regulations from other Federal agencies to the CFPB. In December 2011, the CFPB published its renumbered regulations in the Federal Register. The renumbered regulations also included certain technical changes but no substantive changes. The CFPB's renumbering reflects the codification of its regulations in Title 12 (Banks and Banking), Chapter X (Bureau of Consumer Financial Protection) of the CFR. For example, before July 21, 2011, the Federal Reserve had rulemaking authority for the Home Mortgage Disclosure Act, which was codified in Title 12, Chapter II (Federal Reserve System), Part 203. The CFPB's implementing regulation for the Home Mortgage Disclosure Act is now codified in Title 12, Chapter X, Part 1003.

This paper lays out the Administration's plan to reform America's housing finance market to better serve families and function more safely in a world that has changed dramatically since its original pillars were put in place nearly eighty years ago. Our plan champions the belief that Americans should have choices in housing that make sense for them and for their families. This means rental options near good schools and good jobs. It means access to credit for those Americans who want to own their own home, which has helped millions of middle class families build wealth and achieve the American Dream. And it means a helping hand for lower-income Americans, who are burdened by the strain of high housing costs.
