Once they were portrayed as the salt of the earth. Nowadays, they take to the streets when paedophiles and asylum seekers are in their midst; they expose their lives in TV documentaries; they love Gucci and hate the Euro; the broadsheets cast them as xenophobes and exhibitionists and mock their tastes and attitudes. But who are the white working class and what have they done to deserve this portrayal? *The Likes of Us* is a fascinating and wholly original examination of London's white working class.

The Assassination of Michael Collins

Random House (UK)

The Booker and IMPAC Prize-nominated author of *The Keepers of Truth* delivers a haunting novel of psychological suspense about a wayward family's search for salvation in an America that has left them behind. The solitude of the Upper Michigan Peninsula is Michael Collins's heart of darkness in this compelling story of the unquiet dead. Almost thirty years ago, when Frank Cassidy was five, his parents burned to death in a remote Michigan town. Now Frank's uncle is dead too, shot by a mysterious stranger who lies in a coma in the local hospital. Frank, working menial jobs to support his unfaithful wife and two children, takes his family north in a series of stolen cars to dispute his cousin's claim on the family farm. Once there,

however, Frank also wants answers to questions about his own past: Who really set the fire that burned the family home and killed his parents? Will the stranger, who hangs between life and death, be able to shed light on long-buried secrets? As the television blares the aftermath of the Watergate scandal, news of Jim Jones, and endless sitcom reruns, simple answers -- and the promise of the American dream -- seem to recede from Frank's grasp. Brilliant and unsettling, *The Resurrectionists* is an ironic yet chilling indictment of American culture in the seventies and a compassionate novel about a man struggling to overcome the crimes and burdens of his past.

After school ends for the year, Mamie keeps writing to Michael Collins, taking

comfort in telling someone about what's going on with her family. One by one, they each leave her thinking that someone else is taking care of her--until she is all alone except for her best friend, Buster, who lives next door. As the launch nears, everyone in the country is on the edge of their seats: Will the mission be successful? For Mamie, there's even greater turmoil, and she can't help but wonder: Does no one stay with the ship anymore?

Michael Collins and the Making of the Irish State Mercier Press Ltd

Why were both sides of the Civil War divide so evasive when it came to the

death of Michael Collins? Why were they still trying to effect cover-ups as late as the 1960s? Determined to find the truth despite the trails of deception left by many of the key players, Gerard Murphy, a scientist, looked in detail at the evidence. Previous researchers have tended to concentrate on the reminiscences of survivors. Murphy instead focuses on information that appeared in the immediate wake of the ambush, before attempts could be made to conceal the truth. He also examines newly released material, and has carried out a forensic analysis of the ambush site based on photographic evidence of the aftermath recently discovered in a Dublin attic. These investigations have unearthed significant new evidence, overlooked for almost a century, that seriously questions the version of events currently accepted by historians.
