The Europa Year Book 1988

Bibliotheka Edizioni

The first history in English of the Italian Socialist Party (PSI), beginning with the exile period in 1926 and concluding with a study of the administration of Craxi, Italy's first Socialist prime minister.

Who's who in Italy
Umberto Allemandi Luigi Zoja presents an insightful analysis of the use

and misuse of paranoia throughout history and in contemporary society. Zoja combines history with depth psychology, contemporary politics and tragic literature, resulting in a clear and balanced analysis presented with rare clarity. The devastating impact of paranoia on societies is explored in detail. Focusing on the contagious aspects of paranoia and its infectious, self-replicating dynamics, Zoja takes such diverse examples as Ajax and George W. Bush, Cain and the American Holocaust, Hitler, Stalin and Othello to illustrate his argument. He

reconstructs the emblematic arguments that paranoia has promoted in Western history and examines how the power of the modern media and mass communication has affected how it spreads. Paranoia clearly examines how leaders lose control of their influence, how the collective unconscious acquires an autonomous life and how seductive its effects can be – more so than any political, religious or ideological discourse. This gripping study will be essential reading for depth and analytical psychologists, and academics and

students of history, cultural studies, psychology, classical studies, literary studies, anthropology and sociology.

Activity Report

John Benjamins Publishing Fully indexed, the 1991 edition of the "Yearbook" is the single most current, comprehensive and authoritative reference publication about the work of the United Nations, other international organizations and related bodies. The book is designed not just for use by diplomats, officials and scholars but also by other researchers, writers, journalists, teachers and students. The year 1991 was a

remarkably eventful one for the United Nations and in the conduct of international relations. This volume of the "Yearbook" details the activities of the United Nations, its many organs, agencies and programmes, working together to rekindle a new form of multilateral cooperation for a better world. It records the diverse and globe-encompassing activities of the United Nations and its enduring efforts to deal with the world's pressing concerns, particularly matters of international peace and security, disarmament, human rights, the settlement of

regional conflicts, economic and social development, the preservation of the environment, control of drugs and narcotic substance abuse, crime prevention, adequate shelter, youth and the ageing and humanitarian assistance for refugees as well as disaster relief. The "Yearbook of the United Nations" is now up-to-date. The Yearbooks for the years 1988, 1989 and 1990 will be published simultaneously.

Un saggio di imprescindibile attualità che ribadisce l'importanza del

dialogo e l'accettazione del diverso credo religioso. Il 29 luglio 2013, padre Paolo Dall'Oglio è stato rapito in Siria, a Raqqa. Da allora di lui non si sa più nulla. La sua è stata la voce più forte, autorevole e determinata di quel dialogo interreligioso spesso evocato per guarire il mondo dall'infezione del fondamentalismo . Edoardo Crisafulli nel suo saggio spiega le modalità in cui si è sviluppato il contributo del

gesuita a questo dialogo e il libro prova a fornire un quadro, dal versante cristiano, di un confronto che si è sviluppato, con alterne fortune, negli ultimi mille anni e ha trovato un decisivo impulso nella Chiesa uscita dal Concilio Vaticano II.
