Being as scalable as it is, MS project online can accommodate everyone from startups to enterprises across numerous industries no matter their project plan. Build Gantt charts with drag-and-drop

simplicity.

Basic tasks in Project - Project - support.microsoft.com

You can link any two tasks in a project to show their relationship (also called a task dependency). Dependencies drive the project schedule — once you link the tasks, every change you make to one affects the other, which affects the next one, and so on. Click View > Gantt Chart. Hold down Ctrl and click the two tasks you want to link (in the Task Name column).
