Easy Reading Courier Corporation

The game of chess was wildly popular in the Middle Ages, so much so that it became an important thought paradigm for thinkers and writers who utilized its vocabulary and imagery for commentaries on war, politics, love, and the social order. In this collection of essays, scholars investigate chess texts from numerous traditions – English, French, German, Latin, Persian,

Spanish, Swedish, and Catalan – and argue that knowledge of chess is essential to understanding medieval culture. Such knowledge, however, cannot rely on the modern game, for today's rules were not developed until the late fifteenth century. Only through familiarity with earlier incarnations of the game can one fully appreciate the full import of chess to medieval society. The careful scholarship contained in this volume provides not only insight into the significance of chess in medieval European culture but also opens up avenues of inquiry for future work in this rich field.

Knights Activity Book Educational Impressions, Incorporated

When Jack Was with Us Church Publishing, Inc.

Dedicated puzzle enthusiasts see it too often: ordinary crosswords with ho-hum clues like "Toledo's lake" for ERIE. That means they need to spice up their solving with the pure puzzling pleasure of cryptic crosswords. Here, each clue offers double the dose of wordplay: to find the answer, they'll have to do a little extra deciphering?recognizing a homophone, for example, or working out a charade. Once fans try cryptics, they'll never return to regular crosswords again!

[Building English Vocabulary with Etymology from Latin Book II](#) Libraries Unlimited

This fascinating study places multiple genres in dialogue and considers both medievalism and genre to be frameworks from which meaning can be produced. It explores works from a wide range of genres-children's and young adult, historical, cyberpunk, fantasy, science fiction, romance, and crime-and across multiple media-fiction, film, television, video games, and music. The range of media types and genres enable comparison, and the identification of overarching trends, while also allowing comparison of contrasting phenomena. As the first volume to explore the nexus of medievalism and genre across such a wide range of texts, this collection illustrates the fractured ideologies of contemporary popular culture. The Middle Ages are more usually, and often more prominently, aligned with conservative ideologies, for example around gender roles, but the Middle Ages can also be the site of resistance and progressive politics. Exploring the interplay of past and present, and the ways writers and readers work engage with them demonstrates the conscious processes of identity construction at work

throughout Western popular culture. The collection also demonstrates that while scholars may have by-and-large abandoned the concept of accuracy when considering contemporary medievalisms, the Middle Ages are widely associated with authenticity, and the authenticity of identity, in the popular imagination; the idea of the real Middle Ages matters, even when historical realities do not. This book will be of interest to scholars of medievalism, popular culture, and genre.

Chess in the Middle Ages and Early Modern Age Cambria Press

Medieval mystics have much wisdom to offer contemporary middle-aged women grappling with empty nests, evolving careers and relationships, spiritual growth, and physical issues. Mechthild, for example, began her writing career at the age of fifty. And Julian, referring to Christ as "our kind mother, our gracious mother," has a vision of Christ allowing us to make mistakes, a helpful image for women mothering nearly adult children. Each chapter focuses on a topic of interest to modern middle-aged women. Useful for individuals and groups.
