### Midnight Action Penguin

She's smart, seductive, and in way over her head. He's her only way out. An undercover DEA agent has gone off the radar.

Suspecting an internal mole, the government needs Luke Dubois and his elite team of operatives to recover their man, and the New Orleans native thinks he's found his way inside the dark underbelly of Manhattan: Olivia Taylor, the girlfriend of a mob boss and the sexiest woman he's ever laid eyes on. His new mission objective? Get past Olivia's defenses and convince her to take a chance—on him. All Olivia wanted was to finish law school and live a normal life, but that dream was shattered when one dangerous night put her deeply in a mobster's debt. Now Luke and his team will help her escape—in exchange for intel on the missing agent. But Olivia doesn't anticipate her intense attraction to the reckless Louisiana charmer or that she'll be forced to risk everything—including her heart.

Don't miss this New York Times bestselling "impossible to put down" (Buzzfeed) novel with deadly stakes, thrilling twists, and juicy secrets--perfect for fans of One of Us is Lying and Knives Out. Avery Grambs has a plan for a better future: survive high school, win a scholarship, and get out. But her fortunes change in an instant when billionaire Tobias Hawthorne dies and leaves Avery virtually his entire fortune. The catch? Avery has no idea why--or even who Tobias Hawthorne is. To receive her inheritance, Avery must move into sprawling, secret passage-filled Hawthorne House where every room bears the old man's touch--and his love of puzzles, riddles, and codes. Unfortunately for Avery, Hawthorne House is also occupied by the family that Tobias Hawthorne just dispossessed. This includes the four Hawthorne grandsons: dangerous, magnetic, brilliant boys who grew up with every expectation that one day they would inherit billions. Heir apparent Grayson Hawthorne is convinced that Avery must be a conwoman, and he's determined to take her down. His brother, Jameson, views her as their grandfather's last hurrah: a twisted riddle, a puzzle to be solved. Caught in a world of wealth and privilege, with danger around every turn, Avery will have to play the game herself just to survive.

### After Midnight Createspace Independent Publishing Platform

James and Olivia have been happily married for many years. A harmless

kink here or there spices up their love life, but they can't imagine the kinks they'll encounter while sneaking to the beach for a long, hot weekend. Anso has ruled the wereseals for one short month. He hardly needs his authority questioned because he's going crazy from mating heat. Then Anso's best friend and male lover Ty offers to help find the human mate his genes require. To Ty's amazement, Anso's quest leads him to claim not one partner but a pair. Ty would object, except he too finds the human couple hopelessly attractive . . . "The most captivating and titillating story I have read in some time . . . Flaming hot . . . even under water"-Tara's Blog [Midnight Target Bookouture](#)

CRAZY A MEMOIR is a humorous, adventuresome romp about weed smuggling in the seventies and eighties. The author chronicles his early life in San Antonio and the influence of the growing drug culture during his teen years. He then comically depicts his required military service as a "tie-dyed hippie in army greens" and his determined attempts to stay out of Viet Nam. Lost and unsure about life following the drug related deaths of most of his friends, he later hitchhikes around Mexico and ends up attending college in Cholula where he begins his career in weed smuggling. His entrepreneurial efforts in this area are humorously described in great detail. The book captures a slice of time, tying in political and cultural events with the author's concomitant psychological development during the hippie movement as well as his evolving career as a drug smuggler for the Cause.

### Goodnight Midnight Ocean Scholastic Inc.

FBI Special Agent Monica Davenport has made a career out of profiling serial killers. But getting inside the twisted minds of the sadistic has taken its toll: she's walled herself off from the world. Yet Monica can't ignore fellow agent Luke Dante. Original.

### Dark Horse Comics

" Fascinating. Doidge ' s book is a remarkable and hopeful portrait of the endless adaptability of the human brain. " —Oliver Sacks, MD, author of The Man Who Mistook His Wife for a Hat What is neuroplasticity? Is it possible to change your brain? Norman Doidge ' s inspiring guide to the new brain science explains all of this and more An astonishing new science called neuroplasticity is overthrowing the centuries-old notion that the human brain is immutable, and proving that it is, in fact, possible to change your brain. Psychoanalyst, Norman Doidge, M.D., traveled the country to meet both the brilliant scientists championing neuroplasticity, its

healing powers, and the people whose lives they've transformed—people whose mental limitations, brain damage or brain trauma were seen as unalterable. We see a woman born with half a brain that rewired itself to work as a whole, blind people who learn to see, learning disorders cured, IQs raised, aging brains rejuvenated, stroke patients learning to speak, children with cerebral palsy learning to move with more grace, depression and anxiety disorders successfully treated, and lifelong character traits changed. Using these marvelous stories to probe mysteries of the body, emotion, love, sex, culture, and education, Dr. Doidge has written an immensely moving, inspiring book that will permanently alter the way we look at our brains, human nature, and human potential.

### The Brain That Changes Itself Midnight Games

Finally in paperback: the New York Times bestseller by the acclaimed, bestselling author of *Start With Why* and *Together is Better*. Now with an expanded chapter and appendix on leading millennials, based on Simon Sinek's viral video "Millenials in the workplace" (150+ million views). Imagine a world where almost everyone wakes up inspired to go to work, feels trusted and valued during the day, then returns home feeling fulfilled. This is not a crazy, idealized notion. Today, in many successful organizations, great leaders create environments in which people naturally work together to do remarkable things. In his work with organizations around the world, Simon Sinek noticed that some teams trust each other so deeply that they would literally put their lives on the line for each other. Other teams, no matter what incentives are offered, are doomed to infighting, fragmentation and failure. Why? The answer became clear during a conversation with a Marine Corps general. "Officers eat last," he said. Sinek watched as the most junior Marines ate first while the most senior Marines took their place at the back of the line. What's symbolic in the chow hall is deadly serious on the battlefield: Great leaders sacrifice their own comfort—even their own survival—for the good of those in their care. Too many workplaces are driven by cynicism, paranoia, and self-interest. But the best ones foster trust and cooperation because their leaders build what Sinek calls a "Circle of Safety" that separates the security inside the team from the challenges outside. Sinek illustrates his ideas with fascinating true stories that range from the military to big business, from government to investment banking.

### Deadly Fear Little, Brown Books for Young Readers

This is true story about real people is set in Edinburgh City and Dundee, where a petite Scottish Lassie called Rosie Gilmour, mother to Finlay Sinclair, receives news of the death of her son -

who tragically has taken his own life by hanging. Rosie pretends her son is still alive by talking to him, for that takes away the unbearable pain of her loss. But once she begins to face up to the fact that Finlay is not coming back, her conversations become more of a challenge than she can handle. When memories of her past are triggered by everyday life events, they take her mind back and forth in time - back to her own childhood days in 1960, when she flirted with the fairground boys, and to the day she gave birth to Finlay - "ME LADDIE". Rosie's Scottish accent becomes more apparent whenever her emotions are heightened and she begins to recite poetry. She goes on to reveal doubts about her own self-worth and how she re-unites her role as mother - a role she had denied herself for seven years prior to Finlay's death. Rosie learns how to forgive herself and how to accept her loss with using practical coping strategies that sometimes but not always work for her. Many voices of different natures and walks of life appear in Rosie's, story with each one offering a part of their own belief to try and console her in her misery - except that she turns her back on any advice or support offered. Rosie is convinced that she can cope with her loss on her own and "needs no help from anyone, thank you"; - until a sweet, gentle, soft-spoken voice begins to travel with her throughout her ordeal, leaving her no other choice but to listen. Eventually moving to the countryside in Angus, Rosie finds the isolation gives her life a new meaning offering her the opportunity to re-value her belief's about her own self values and decides the time has come to give her son a memorial service and invite a chosen few dance companions whom she met on a regular basis in Edinburgh to honour this day. Rosie begins to accept she will never be the same person she once had been and shall never be again, believing now her journey through grief taught her many lessons making her a stronger and better person than she imagined she could ever be.

### The Inheritance Games Rose Garden Press

Bestselling sportswriter John Feinstein exposes the big money and back-room deals that pervade college-basketball recruiting in this fast-break young adult novel. Terrell Jamerson is the #1 high school basketball player in the country. His team is poised to win State, top colleges are lining up to give him scholarships, and everyone says he could play in the NBA tomorrow. But it only takes one false step to lose everything. Danny Wilcox is Terrell's best friend and teammate, and a top prospect himself, but these days it seems like everyone wants to get close to Terrell: the sneaker guys, the money

managers, the college boosters. They show up offering fast cars, hot girls, and cold, hard cash. They say they just want to help, but their kind of help could get Terrell disqualified. Danny and Terrell better keep their eyes on the ball if they hope to last the season. John Feinstein has been praised as "the best writer of sports books in America today" (The Boston Globe), and he proves it again in this fast-paced novel. "Thorough and suspenseful; a must-read for those interested in basketball and the dealings surrounding the sport."

—Kirkus Reviews, Starred

### When Can I Stop Running? CreateSpace

### The Killer Sex Game Penguin

Her job is to stay hidden. Too bad he can't take his eyes off her. Soldier-for-hire Ethan Hayes is the youngest member of an elite mercenary team. While he may be affectionately nicknamed the rookie, the skills Ethan honed as a Marine make him seriously dangerous. But when a sudden distress call puts him in close quarters with a rival, he finds more than his field skills being put to the test. Juliet Mason stands out as the master thief in a covert group of assassins and spies. Her latest mission is personal—and it's gone horribly wrong. Juliet may prefer to work alone, but when the rookie comes to her aid in snowy Eastern Europe, she can't deny they make a good team. But even up against a powerful enemy, their most challenging task yet may be fighting the passion between them....

### Midnight Pursuits Createspace Independent Pub

Visser Three is still trying to find a way to reach the Pemalite ship that was hidden thousands of feet below the ocean's surface. The ship contains technology so advanced that it's superior to anything even the Andalites have built. And this time, the Visser plans to find the ship so he can use the power to complete Earth's invasion. Jake and the other Animorphs acquire additional deep-sea morphs in order to stop the Visser's plan. But while trying to destroy the Yeerk ship, the kids make a startling discovery: an underwater civilization. Have the kids discovered Atlantis... or is it just another trap?

Covering everything from old favourites to those breaking new

---

ground, these are the games that should not be missed.

#### Pirate Journey Penguin

Dave Adams is a teenager standing at a crossroads in his life. He's lonely, a bully in need of direction. Through the pages of an ancient, leather-bound journal, Dave makes contact with an ancestor, James Adams, captain of a seventeenth century sailing-ship. Captain Adams is also straddling a fence, and the life of an honest sea-going merchant pales in comparison to the excitement and opportunities available for a captain willing to do what it takes to get ahead. Will the captain's decisions take him and his crew where they want to go? And how will those decisions affect Dave as he makes his way through high school and finds his first summer job? *Pirate Journey* explores the parallel lives of a scurvy sea captain and a high school bully as they make decisions and face the consequences of their choices, both good and bad.

#### Hidden Depths Penguin

The smart marketer in today's environment uses some tried and true marketing methods like press releases, newsletters, value bundling, and more. *Killer Marketing Strategies* will help you take your marketing to the next level.

#### Foul Trouble Penguin

Sometimes life is like a movie. There are moments and events in life - not often - that are as exciting and as dramatic as a movie. What happened in Lake Placid, New York in February 1980 at the Thirteenth Winter Olympics was such a time. For those who experienced it in person or watched the games on television, they remember where they were when the US hockey team beat the Soviet Union and then beat the team from Finland two days later to win the gold medal. The sports victory of an underdog group of college kids was thrilling enough but it was a win against the Soviet Union. This Cold War adversary was also the nation hosting the summer games later that year which the United States was threatening to boycott. The excitement and drama in Lake Placid gave the games a huge lift of enthusiasm

and popularity when some had even come to believe that staging the Olympics was no longer affordable for many communities and that perhaps the 1980 Winter Games should be cancelled entirely. Indeed, as the games began, a US News and World Report magazine questioned whether the Lake Placid games were the "last Olympics." What happened on the hockey ice was improbable enough, but the Lake Placid Winter Games were a long shot, if not a miracle too. Winning the games had been an unlikely decades-long quest for this small town to overcome the barriers of exploding finances, environmental concerns and world politics. Few remember that the 1980 games were never supposed to take place in Lake Placid. They came to the small village because of unexpected events which unfolded and made the two weeks in the remote Adirondacks before a worldwide audience of nearly a billion viewers one of the most dramatic times in the modern era of sports, media and politics. It would not be too much of a stretch to say that the Lake Placid Games, which brought the "Miracle on Ice," saved the Winter Olympics in 1980 and greatly enhanced them for the future.

The Seeds of New Earth (the Silent Earth, Book 2) John Podlaski  
How much would you pay for an hour of kinky sex with a beautiful woman? One thousand? Four thousand? More? How about with your life? That appears to be the case with an elite escort service in New York for which scantily-clad bodies and dead bodies seem to go hand in hand. Enter Frank Boff, the morally-challenged but irresistible rogue investigator. Boff is hired to find the killer of a legendary Cuban boxer who defected to the States. The boxer's death was an execution. One bullet to the forehead. One behind each ear. The questions facing Boff are why was the boxer killed, and who did it? In order to find the answers, Boff ventures once again onto the Dark Side, where things aren't always what they appear to be. As he investigates, new bodies start piling up. At first glance, the stiffs seem unconnected. But when Boff begins to connect the dots, he realizes he may be up against powerful people as sinister and dangerous as any he's ever butted heads with. Making matters worse, they're gunning for him. First they ransack his apartment and clock his son on the head with a gun. Then they wire a bomb under his car. Suddenly it's more than just a case he was hired to do. Now it's personal. Dead-set on making the people behind the murders pay, Boff orchestrates a dark, twisted endgame scenario that turns the hunters into the hunted and steamrolls toward the only conclusion that will satisfy him: a bloodletting.
