## Military Psychology Journal

Military Psychology is a peer-reviewed academic journal published by the American Psychological Association on behalf of APA Division 19. The journal covers psychological research or practice in a military context, including clinical and health psychology, training and human factors, manpower and personnel, social and organizational systems, and testing and measurement.

Military psychology - Wikipedia

The Need for Psychology. The military is our nation ' s largest employer. As of fiscal year (FY) 2009, there were over 2.2 million military members (including members on active duty and those in the Reserves and National Guard: Department of Defense, 2010a). This personnel count is modest relative to the troop levels garnered before conscription (i.e., the draft) ended in 1973, but it is ...

The discipline of military psychology involves the systematic and scientific study of the selection, training, adaptation, and performance of soldiers. Military psychology, by necessity, is a heterogeneous field of inquiry. On the one hand, it draws on all subdisciplines of psychology to understand the variables that affect soldier performance while on the other hand, lessons learned from ...
