The healthcare industry is heavily regulated—and for good reason. It deals exclusively with diagnosing and treating people's lives. Often, the desire is to have one single platform for a quality management system (QMS), but the result is one or more QMSs trying to satisfy their own specific intent. For smaller organizations or country officers of larger, multinational organizations ...

Mind the Gap, the new series by the Eisner Award-winning writer Jim McCann (Return of the Dapper Men), is a mystery with a paranormal twist.

Elle, in a spirit form detached from her comatose body, must not only unravel the mystery of her attacker's identity and motive, but her entire life as well.

Mind the Gap (Volume) - Comic Vine

Mind the Gap is a great mystery, and the strength of Volume Two is its

mostly contained setting within the hospital. There's great art, and I love the use of other artists to illustrate flashback scenes.
