Teacher Created Materials

Build your students' confidence and enhance the math skills they use in everyday situations! Each of the six books in the Practical Math in Context presents topics students are likely to encounter in everyday life. Mastery of practical math skills is the overarching goal of the series. Each book includes problems that involve estimation, equations, mental math, calculators, and critical thinking. Each book includes additional concept-specific skills such as graphing, averages, statistics, ratios, and measurement. The series is appropriate for use with small groups, a full class, or by independent learners. The lessons are self-explanatory, freeing the teacher for individual instruction.

Grade 6 Words and Phrases Critical Thinking Activities Teacher Created Resources

Honestly...does it really matter what goes on in your head? After all, no one knows your thoughts except you, right?But thoughts are powerful. Thoughts can change perceptions and perspectives. Thoughts can even change actions. Thoughts can make or break you, depending upon the power you give to them.In Mind Games, Nina Burgett lays the groundwork for an open and honest conversation about how our thought-lives

make a direct impact on our everyday living: physically, emotionally, spiritually. Based on the truth and teachings of Scripture and packed with lessons learned from her own mistakes and heartaches, Nina invites us to understand the character of God our Creator in a life-changing way. Engaging and easy-to-read, Mind Games is full of tried and true wisdom that helps you develop sharp skills to recognize faulty thinking and build upon truth that will change your life from the inside out.
