Honestly...does it really matter what goes on in your head? After all, no one knows your thoughts except you, right? But thoughts are powerful. Thoughts can change perceptions and perspectives. Thoughts can even change actions. Thoughts can make or break you, depending upon the power you give to them. In *Mind Games*, Nina Burgett lays the groundwork for an open and honest conversation about how our thought-lives make a direct impact on our everyday living: physically, emotionally, spiritually. Based on the truth and teachings of Scripture and packed with lessons learned from her own mistakes and heartaches, Nina invites us to understand the character of God our Creator in a life-changing way. Engaging and easy-to-read, *Mind Games* is full of tried and true wisdom that helps you develop sharp skills to recognize faulty thinking and build upon truth that will change your life from the inside out.

As girls enter their tween and teen years, it's especially important for them to have an open and growing relationship with their father. Unfortunately, this is often the time when parental relationships are strained. *The One Year Father-Daughter*

Devotions can foster communication and understanding; and it's a wonderful way for a father to bond with his daughter during a crucial point in her life. Each of the 365 devotions begins with an introductory story, then daddy-daughter time provides discussion questions, activities, or other practical applications of the daily lesson. A "What's the Word" section gives a related Bible verse to help bring God's Word alive as father and daughter apply the Scripture to their lives. Written by three fathers, the devotions have a tone that is conversational and relatable: the authors use everything from flavored potato chips to the Etch-A-Sketch game to share truths about God's Word and to help fathers and daughters relate to each other.
