The wonderful second memoir from Susan Duncan, which

picks up where *Salvation Creek* ended. Continuing the story of Susan Duncan's bestselling and much-loved memoir, *Salvation Creek, The House* picks up after Bob and Susan marry and, two years later, move from her Tin Shed into his 'pale yellow house on the high, rough hill', Tarrangaua, built for the iconic Australian poet, Dorothea Mackellar. Set against the backdrop of the small, close-knit Pittwater community with its colourful characters and quirky history, *The House* is about what happens when you open the door to life, adventure, and

love. But it's also about mothers and daughters, as Susan confronts her mother's new frailty and her own role in what has always been a difficult relationship. Where Salvation Creek was about mortality - living life in the face of death - The House is about stepping outside your comfort zone and embracing challenges, at any age. In turn funny and moving, Susan Duncan's beautifully written sequel reminds us to honour what matters in life, and to disregard what really doesn't.

The Little Angel Bonnier Publishing Fiction Ltd.

“ A fascinating account of three SAS missions to counter the Exocet missile . . . from ill-thought out ideas to near suicidal one-way trips onto enemy soil. ” —Soldier Magazine This is a revelatory account of three un-tabulated special forces operations, PLUM DUFF, MIKADO and KETTLEDRUM, that were tasked to destroy Argentina's Exocet missiles during the 1982 Falkland's campaign.

Interviews with the SAS officer commanding Operation PLUM DUFF, members of the reconnaissance patrol for Operation MIKADO, plus the navigator of the helicopter that flew eight troopers into Tierra del Fuego, has allowed the author to describe the tortuous events that led, instead, to a significant survival story. The RAF pilots ordered to conduct an “ assault-landing ” of two Hercules onto Rio Grande air base during Operation MIKADO have spoken of the extraordinary procedures they developed: so have the commander of the SBS and the captain of the British submarine involved in Operation KETTLEDROM. The Super É tandard pilots who sank HMS Sheffield and MV Atlantic Conveyor and then “ attacked ” HMS Invincible, plus a key member of the Argentine special forces and the brigadier defending Rio Grande, add credence, depth and gravitas to the saga: as does an equally revealing interview with the SIS (MI6) officer who led the world-wide search for Exocets on the black market. Disturbing over-confidence by commanders at home was finely counter-balanced by stirring accounts of inspiring physical and moral courage across the South Atlantic. Exocet Falklands is a groundbreaking work of investigative military history from which many salutary lessons can be learned. “ Between politics, diplomacy and barbouzeries, this well-documented work will lead you in the arcane of what should have changed the course of this war. ” —Air Fan [My Bridge to America](#) Rocky Nook, Inc. This book approaches its subject from two angles. First, there is a detailed and descriptive analysis of the social organisation of, and place of marriage in, one

community in Kyushu. To this extent, the study is a regional one and provides valuable ethnographic information. The second angle, however, is to analyse this material in the light of other historical ethnographical writings on Japan, which puts the regional material in a national context, and brings together a great deal of information about Japanese marriage hitherto unpublished in English.
