Konica Minolta W H  
Freeman & Company  
The twelfth-century  
French poet  
Chr é tien de Troyes  
is a major figure in  
European literature.  
His courtly romances  
fathered the  
Arthurian tradition  
and influenced

countless other poets  
in England as well as  
on the continent. Yet  
because of the  
difficulty of capturing  
his swift-moving style  
in translation, English-  
speaking audiences  
are largely unfamiliar  
with the pleasures of  
reading his poems.  
Now, for the first  
time, an experienced  
translator of medieval  
verse who is himself a  
poet provides a  
translation of  
Chr é tien ' s major  
poem, Yvain, in verse  
that fully and  
satisfyingly captures  
the movement, the  
sense, and the spirit of  
the Old French  
original. Yvain is a  
courtly romance with  
a moral tenor; it is  
ironic and sometimes  
bawdy; the poetry is  
crisp and vivid. In  
addition, the  
psychological and the  
socio-historical  
perceptions of the  
poem are of profound  
literary and historical

Communication

This book presents the state of the art in color science and explains its application to dental structures and materials, using high-quality illustrations to ensure ease of learning. Most people seek a bright smile with a natural appearance. This goal often poses a great clinical challenge for the dentist, and its achievement is dependent on a good knowledge of color science and optical properties relevant to dentistry. Further, if a smile is to be

esthetically improved to the patient's satisfaction, the dentist must be able to extract the best from dental materials and techniques, must understand all aspects of facial harmony, and must communicate effectively with both the patient and lab technicians. All of these aspects are thoroughly explored in the book, with detailed coverage of such topics as visual and instrumental shade matching, color management, and avoidance of complications and

pitfalls. Color and Appearance in Dentistry will be of high value to all who are engaged in the daily practice of esthetic dentistry.
