Expressive Conducting: Movement and Performance Theory for

Conductors applies the insight of movement and performance theory to the practice of conducting, offering a groundbreaking new

approach to conducting. Where traditional conducting pedagogies often place emphasis on training parts of the body in isolation, Expressive Conducting teaches conductors to understand their gestures as part of an interconnected system that incorporates the whole body. Rather than emphasizing learning specific patterns and gestures, this book enables student and professional conductors to develop a conducting technique that is centered around expressing the themes of the music. Drawing parallels to the worlds of acting, this text treats the body as the conductor's instrument. Coaching notes derived from years of experience as a performance movement specialist offer readers

---

approachable methods for eliminating communication barriers—both conscious and subconscious—to encourage optimal performance, highlighting acting theory, movement exercises and the significance of weight distribution. Unlike other conducting approaches, this text understands that conducting resonates throughout the entire body and is not conveyed by the hands or baton alone. With a comprehensive consideration of the conductor's body and movements, featuring over 50 original illustrations, *Expressive Conducting* advances strategies for improving one's conducting skills in rehearsal and performance. Jerald Schwiebert has developed a

practical language for expressive conducting. Together, Schwiebert and Barr present a text that is suitable for conducting students, instructors, and professionals alike.

" ... the wishes, the hopes, the confidence, the predictions of the small band of true friends who witnessed the ceremony, were fully answered in the perfect happiness of the union." Thus the last line of Jane Austen's Emma. A year later, Emma and Knightley are still living at Hartfield, surrounded by the Westons, the Eltons and the Bateses. But as events unfold, the couple must deal with the return of Frank Churchill, now widowed, and Knightley's apparently endless patience is tried by events in his brother's family, as well as his beloved Emma's whims and fancies. But the irrepressible Emma is restless ... Emma wants Knightley to stop treating her like a child. Knightley meanwhile wants his young bride to love him as a husband, not as the man she's always looked up to. With tragedy in the offing, and events unfolding that include

beloved characters from Emma, the couple must find their way to each other, and to perfect happiness. With a wonderful grasp of the manners and style of the day, this warm and witty exploration of a marriage between a sheltered (not to say spoiled) young lady and the man she looked upon as an older brother fulfills the romantic longings of Jane Austen lovers everywhere.

better place.' - Ben Fogle In 2014 and in her mid-twenties, Janey Lowes had been a vet for just two years when she left her home in County Durham and went travelling. Visiting Sri Lanka, she was horrified to see the state of so many of the island's dogs, in particular the three million strays. Over 5,000 miles from home, Janey decided there and then that she was going to move to the island indefinitely and do everything within her power to help them. She raised £ 10,000 to get started, setting up a charity called WECare Worldwide, and began work. Frightened, determined and excited all at the same time, she found a local who was willing to work with her and began scouring the streets for dogs in need. Some she patched up as best she could at the roadside, others she brought back and treated in a make-shift surgery she had cobbled together in her new home. With very little equipment, she and her small team came up with new and ingenious ways to treat the animals. In this highly inspiring and heartfelt book full of challenges and adventure, Janey introduces us to her world and the

tireless work she carries out. As she says, 'I feel as though all these dogs are my dogs and I have a responsibility to them.' In it, we meet many of the colourful characters who have come to offer help, along with innumerable street dogs who have suffered all sorts of trauma and injury, only to be scooped up by Janey and her team and saved.
