Before Emeril Lagasse's signature "Bam!" or Anthony Bourdain's hedonistic charm, there was Graham Kerr: a pioneering TV chef who, following in the footsteps of Julia Child, showed millions of viewers in the '60s and '70s that home cooking could be easy and fun. Kerr's approach to home cooking and to issues of authenticity and cultural borrowing have much more in common with Mario Batali and Jamie Oliver's outlook than with Kerr's 1960s contemporaries. This reissue, updated with an introduction by the Lee Brothers and commentary from Kerr himself will appeal to generations any home cook. A new edition of a beloved cookbook celebrating the classic dishes and witty humor that were signature to TV chef Graham Kerr's "The Galloping Gourmet."

Neuropsychologist Offers Hope to Those Struggling with Depression As a board-certified neuropsychologist, Dr. Michelle Bengtson sees the devastation of depression. Early on, she practiced the most effective treatments and prescribed them for her clients. But when she experienced depression herself, she found that the treatments she had recommended were lacking. Her experience showed her the missing component in treating depression. In Hope Prevails, Dr. Bengtson writes with deep compassion, blending her training and faith, to offer readers a hope grounded in God's love and grace. She helps readers understand what depression is, how it affects them spiritually, and what, by God's grace, it cannot do. The result is an approach that offers the hope of release, not just the management of symptoms. For those who struggle with depression and those who want to help them, Hope Prevails offers hope for the future.
