Engine Manual -
wsntech.net
After much research
and spending alot of
time on some
Mitsubishi boards, it
looks like a crank
from a 4g37 out of a
93 Mitsubishi Eclipse
is a direct drop in for
the 4G32 engine in
the Bobcat. The
4G37 is the same
block as the 4G32
with a larger bore. All
of the Dodge Colts
from the 80's use a
G32B engine block
which is slightly
different.
