Franklin, Jack, Marla, Thadius, and Caitlin... this unlikely group of assorted misfits are the Cemeterians, a group that will take on any job - no, really, we mean any bloody job (money's a bit tight right now)! Trudge through disgusting sewers to battle manatee-massacring mermaids and soggy cultists, creep through creepy, fog-littered cemeteries straight out of an ancient Hammer Film soundstage, confront undead

lecherous lodgers and other assorted beasties, creepies, and ghoulies. It all comes down to whether an adolescent giant Automaton, a truly mad, Mad Scientist, a surly Necromancer, a Banshee's granddaughter, and a reluctant furry monster straight from under your little sister's bed can manage not to kill each other - or, at least, quit fighting over the tele-privilege-schedule long enough to get the job done! Not likely.

In this expanded and updated second edition of *The Culture of Collaboration*®, author Evan Rosen demonstrates how to

deserialize time, talent and tools to unblock collaboration and unlock value. First edition won a gold medal in Axiom Business Book Awards. In this new edition, Rosen shows how to turbocharge business models by collapsing outmoded sequential approaches and replacing them with spontaneous, real-time processes. The book reveals why some companies win at collaboration while others fail. Series also includes *The Bounty Effect: 7 Steps to The Culture of Collaboration*®. Back-jacket blurbs: "Apple began as a true collaboration to reject old ways and embrace new approaches to engineering and design. In *The Bounty Effect*, Evan Rosen shows how to replace your organization's obsolete, command-and-control structure with an infinitely more valuable collaborative
