Colt. Capacity
An automatic transmission fluid of the same
name is recommended for Mitsubishi vehicles
with automatic transmissions. Changing manual
transmission fluid is recommended to maintain a
smooth transition between gears. Manual
transmissions running dirty fluid often exhibit
loud noises when shifting gears, and the gears
eventually become damaged.

Specification

Start pouring the GL-4 manual transmission fluid through the fill hole until it runs out of the fill hole. Once the fluid comes out of the

fill hole, the transmission is full. Remove the plastic tube from the fill hole and screw the fill plug back in. Tighten the fill plug with the ratchet and the 17mm socket.

Mitsubishi Manual Transmission Fluid - e13components.com

Mitsubishi has been developed sophisticated transmissions through years and it is critical that you add the exact type of transmission fluid stipulated by your owner's manual (typically in the back of the manual in a section titled Fluid Capacities.) When adding transmission fluid to your Outlander Sport, be sure to add it slowly as the transmission fluid capacity is reached quickly and it is difficult to remove excess fluid if you overfill. If you are having problems with the transmission ...

What Transmission Fluids Are Recommended for Mitsubishi ...

This fluid is used in most Mitsubishi manual transmissions. With this fluid you will get the best shift quality with long bearing and thrust life. Gear tooth wear will also be smooth and shiny unlike many other oils out there which give a smeared and wiped out look to the tooth due to the fluid 's inability to withstand high torque conditions.

What Type of Transmission Fluid for Mitsubishi Pajero ...

The transmission fluid in a Mitsubishi should be changed between 15,000 and 30,000 miles, depending on your driving conditions. Since a transmission is more likely to undergo a hefty amount of strain in highly polluted areas, it is possible that thickened sludge and harmful particles would enter your transmission closer to the 15,000 mile-mark.
