Chop-Monster is a sequential jazz improvisation method by acclaimed jazz pianist and educator Shelly Berg that utilizes a "call-and-response" approach: students listen to a jazz idea, imitate it until it is internalized, and then "try it on their own." In Chop-Monster 1, students will hear and improvise to the Ima7, iimi7, and V7 chords in the key of B-flat, plus a basic blues progression. In Chop-Monster 2 students will hear and improvise to the ii-V-I progression in three keys (concert B-flat, E-flat, F).

Physical Sciences for NGSS has been specifically written to meet the requirements of the Next Generation Science Standards (NGSS) for High School Physical Sciences (HS-PS). It encompasses all three dimensions of the standards (science and engineering practices, crosscutting concepts, and disciplinary core ideas), addressing the program content through a wide range of engaging student-focused activities and investigations. Through completion of these activities, students build a sound understanding of science and engineering practices, recognize and understand the concepts that link all domains of science, and build the knowledge base required to integrate the three dimensions of the standards to meet the program's performance expectations.

No doubt, chaffles dominated the world of low-carb: they are awesome. For unlimited combinations of seasoning, sweet or savory, you may add and alter using a very simple ingredient with just cheese and eggs. Use it individually or as the resource for seasonings and toppings. A simple calculation of the chaffle is 1/2 cup of 1 egg cheese for every chaffle. Commence adding coconut or almond flour. Check around with the cheeses. Add vegetables, berries, spices or nuts and let the imagination go away. There is no one-size-fits-all when it comes with how much of your total calorie requirement you should derive from carbs. Some nutritionist advice that people to keep it in the low end, which is five percent but it is not necessarily good advice as the exact amount depends on your system. To get the right amount for you will have to rely on the trial-and-error method. Chaffles can be frozen and processed, so a large proportion can be made and stored for quick and extremely fast meals. If you don't have a waffle maker, just cook the mixture like a pancake in a frying pan, or even cooler, in a fryer-pan. They won't get all the fluffy sides to achieve like you're using a waffle maker, but they're definitely going to taste great. There is no space to 'cheat' your diet here. You should follow it completely as even one meal that does not follow its rules can slow down your advancement for about a week as your body is withdrawn from ketosis. Always make sure you've eaten enough so that you will not be tempted to have a snack that could ruin all you've been working for. The debate about the use of genetically modified organisms is fuelled by the fear of potential hazards of GM farming. Classic tort law already offers remedies should such risks materialize. In some countries, this is enhanced or replaced by alternative redress schemes. This volume compares more than twenty jurisdictions in this respect, provides special analyses from an economic and insurance perspective and also addresses cross-border problems and international law.

Music and sport are both highly significant cultural forms, yet the substantial and longstanding connections between the two have largely been overlooked. Sporting Sounds addresses this oversight in an intriguing and innovative collection of essays. With contributions from leading international psychologists, sociologists, historians, musicologists and specialists in sports and cultural studies, the book illuminates our understanding of the vital part music has played in the performance, reception and commodification of sport. It explores a fascinating range of topics and case studies, including: The use of music to enhance sporting performance Professional applications of music in sport Sporting anthems as historical commemorations Music at the Olympics Supporter rock music in Swedish sport Caribbean cricket and calypso music From local fan cultures to international mega-events, music and sport are inextricably entwined. Sporting Sounds is a stimulating and illuminating read for anybody with an interest in either of these cultural forms.
