More Minute Math Drills, Grades 3 - 6 Carson-Dellosa Publishing

Algebra is the language that must be mastered for any course that uses math because it is the gateway for entry into any science, technology, engineering, and mathematics (STEM) discipline. Math Remediation for the College Bound fosters mastery of critical math and algebraic concepts and skills essential to all of the STEM disciplines and some of the social sciences. This booklet is designed to accompany the main book, Math Remediation for the College-Bound: How Teachers Can Close the Gap, from the Basics through Algebra. With the exception of Chapters 1 and 2, each chapter of the booklet consists of five sections: (1) practice homework, (2) a sample test, (3) the answers to selected and numbered exercises corresponding to their numbering in the book, (4) answers to the practice homework, and (5) answers to sample tests. This pattern begins with Chapter 3 and continues for the remainder of the book.

The Complete Book of Graphing Creative Teaching Press

Complete Year for Grade 4 provides a whole year's worth of practice for essential school skills including word roots, prepositional phrases, similes and metaphors, multiplication and division, fractions and decimals, angles, and more. Thinking Kids'(R) Complete Year is a comprehensive at-home learning resource with 36 lessons—one for each week of the school year! Practice activities for multiple subject areas, including reading, writing, language arts, and math, are included in each weekly lesson to ensure mastery of all subject areas for one grade level. Complete Year lessons support the Common Core State Standards now adopted in most US states. Handy organizers help parents monitor and track their child's progress and provide fun bonus learning activities. Complete Year is a complete solution for academic success in the coming school year.
