Solutions and Mixtures Foldable SOL 5.4 VBO 5.4.6

Solution Mixture Solution Mixture This activity gives students exposure to the definition for solution and mixture. The foldable activity will give students real time experience sorting examples of mixtures and solutions. Instructions: Have students cut along all solid lines.

Mixtures can be a confusing topic for new chemistry students. On the surface, mixtures do not seem all that complicated. A mixture is a collection of different materials. Take more than one thing, combine them and you have a mixture. Mixtures can be further classified as either homogeneous or heterogeneous mixtures.
