In *Decoding the Heavens*, Jo Marchant tells for the first time the full story of the hundred-year quest to decipher the ancient Greek computer known as the Antikythera Mechanism. Along the way she unearths a diverse cast of remarkable characters and explores the deep roots of modern technology in ancient Greece and the medieval European and Islamic worlds. At its heart, this is an epic adventure and mystery, a book that challenges our assumptions about technology through the ages.

Deborah Tannen's #1 New York Times bestseller *You Just Don't Understand* revolutionized communication between women and men. Now, in her most provocative and engaging book to date, she takes on what is potentially the most fraught and passionate connection of women's lives: the mother-daughter relationship. It was Tannen who first showed us that men and women speak different languages. Mothers and daughters speak the same language—but still often misunderstand each other, as they struggle to find the right balance between closeness and independence. Both mothers and daughters want to be seen for who they are, but tend to see the other as falling short of who she should be. Each overestimates the other's power and underestimates her own. Why do daughters complain that their mothers always criticize, while mothers feel hurt that their daughters shut them out? Why do mothers and daughters critique each other on the Big Three—hair, clothes, and weight—while longing for approval and understanding? And why do they scrutinize each other for reflections of themselves? Deborah Tannen answers these and many other questions as she explains why a remark that would be harmless coming from anyone else can cause an explosion when it comes from your mother or your daughter. She examines every aspect of this complex dynamic, from the dark side that can shadow a woman throughout her life, to the new technologies like e-mail and instant messaging that are transforming mother-daughter communication. Most important, she helps mothers and daughters understand each other, the key to improving their relationship. With groundbreaking insights, pitch-perfect dialogues, and deeply moving memories of her own mother, Tannen untangles the knots daughters and mothers can get tied up in. Readers will appreciate Tannen's humor as they see themselves on every page and come away with real hope for breaking down barriers and opening new lines of communication. Eye-opening and heartfelt, *You're Wearing That?* illuminates and enriches one of the most important relationships in our lives. "Tannen analyzes and decodes scores of conversations between moms and daughters. These exchanges are so real they can make you squirm as you relive the last fraught conversation you had with your own mother or daughter. But Tannen doesn't just point out the pitfalls of the mother-daughter relationship, she also provides guidance for changing the conversations (or the way that we feel about the conversations) before they degenerate into what Tannen calls a mutually aggravating spiral, a "self-perpetuating cycle of escalating responses that become provocations." – The San Francisco Chronicle

Know Anyone Like This in Your Life? Politicians? Strange Case of Dr Jekyll and Mr Hyde is the original title of a novella written by the Scottish author Robert Louis Stevenson that was first published in 1886. The work is commonly known today as The Strange Case of Dr. Jekyll and Mr. Hyde, Dr. Jekyll and Mr. Hyde, or simply Jekyll & Hyde. It is about a London lawyer named Gabriel John Utterson who investigates strange occurrences between his old friend, Dr. Henry Jekyll, and the evil Edward Hyde. The work is commonly associated with the rare mental condition often called "split personality", referred to in psychiatry as dissociative identity disorder, where within the same body there exists more than one distinct personality. In this case, there are two personalities within Dr. Jekyll, one apparently good and the other evil. About the Author: Robert Louis Balfour Stevenson (13 November 1850 - 3 December 1894) was a Scottish novelist, poet, essayist, and travel writer.

When it was first published twenty years ago, The Bedford Guide for College Writers brought a lively and innovative new approach to the teaching of writing. Since that time, authors X. J. and Dorothy M. Kennedy have won praise for their friendly tone and their view, apparent on every page of the text, that writing is the "usually surprising, often rewarding art of thinking while working with language." More recently, experienced teacher and writer Marcia F. Muth joined the author team, adding more practical advice to help all students — even those underprepared for college work — become successful academic writers. While retaining the highly praised "Kennedy touch," The Bedford Guide continues to evolve to meet classroom needs. The new edition does even more to build essential academic writing skills, with expanded coverage of audience analysis, source-based writing, argumentation and reasoning, and more.

Mexico has a rich literary heritage that extends back over centuries to the Aztec and Mayan civilizations. This major reference work surveys more than five hundred years of Mexican literature from a sociocultural perspective. More than merely a catalog of names and titles, it examines in detail the literary phenomena that constitute Mexico's most significant and original contributions to literature. Recognizing that no one scholar can authoritatively cover so much territory, David William Foster has assembled a group of specialists, some of them younger scholars who write from emerging trends in Latin American and Mexican literary scholarship. The topics they discuss include pre-

Columbian indigenous writing (Joanna O'Connell), Colonial literature (Lee H. Dowling), Romanticism (Margarita Vargas), nineteenth-century prose fiction (Mario Martín Flores), Modernism (Bart L. Lewis), major twentieth-century genres (narrative, Lanin A. Gyurko; poetry, Adriana García; theater, Kirsten F. Nigro), the essay (Martin S. Stabb), literary criticism (Daniel Altamiranda), and literary journals (Luis Peña). Each essay offers detailed analysis of significant issues and major texts and includes an annotated bibliography of important critical sources and reference works.

A Special Education MacAdam/Cage Publishing

The fiftieth anniversary edition of the essay that is now recognized as the first major work of feminist art theory—published together with author Linda Nochlin's reflections three decades later. Many scholars have called Linda Nochlin's seminal essay on women artists the first real attempt at a feminist history of art. In her revolutionary essay, Nochlin refused to answer the question of why there had been no "great women artists" on its own corrupted terms, and instead, she dismantled the very concept of greatness, unraveling the basic assumptions that created the male-centric genius in art. With unparalleled insight and wit, Nochlin questioned the acceptance of a white male viewpoint in art history. And future freedom, as she saw it, requires women to leap into the unknown and risk demolishing the art world's institutions in order to rebuild them anew. In this stand-alone anniversary edition, Nochlin's essay is published alongside its reappraisal, "Thirty Years After." Written in an era of thriving feminist theory, as well as queer theory, race, and postcolonial studies, "Thirty Years After" is a striking reflection on the emergence of a whole new canon. With reference to Joan Mitchell, Louise Bourgeois, Cindy Sherman, and many more, Nochlin diagnoses the state of women and art with unmatched precision and verve. "Why Have There Been No Great Women Artists?" has become a slogan and rallying cry that resonates across culture and society. In the 2020s, Nochlin's message could not be more urgent: as she put it in 2015, "There is still a long way to go."

From the Disney Teacher of the Year and New York Times bestselling author Ron Clark comes the classic guide to bringing out the best in your students, revised and updated for today's teachers. Over 1 million copies sold! When Ron Clark walked into his fifth-grade class in rural North Carolina, he was confronted with disinterested children in desperate need of structure and compassion. Brainstorming how best to reignite their love of learning, Ron created 55 lessons. Soon his fifth graders were reading at a sixth-grade level, engaging in class, and loving school. What's more, they were gaining something crucial: self-respect. These lessons evolved into The Essential 55--guidelines for students on how to live and interact with others. Ron lit a fire under parents and teachers around the world to raise their standards and expect the most from their students. The Essential 55 features a new foreword from Ron and a fresh take on his classic rules, along with contributions from Ron's former students, who reflect on which rules resonated most. Ron's 55 ideas show that with determination, discipline, and regular rewards, the children you stick by will be the children you eventually admire.

In recent years, cultural commentators have sounded the alarm about the dire state of reading in America. Americans are not reading enough, they say, or reading the right books, in the right way. In this book, Alan Jacobs argues that, contrary to the doomsayers, reading is alive and well in America. There are millions of devoted readers supporting hundreds of enormous bookstores and online booksellers. Oprah's Book Club is hugely influential, and a recent NEA survey reveals an actual uptick in the reading of literary fiction. Jacobs's interactions with his students and the readers of his own books, however, suggest that many readers lack confidence; they wonder whether they are reading well, with proper focus and attentiveness, with due discretion and discernment. Many have absorbed the puritanical message that reading is, first and foremost, good for you--the intellectual equivalent of eating your Brussels sprouts. For such people, indeed for all readers, Jacobs offers some simple, powerful, and much needed advice: read at whim, read what gives you delight, and do so without shame, whether it be Stephen King or the King James Version of the Bible. In contrast to the more methodical approach of Mortimer Adler's classic *How to Read a Book* (1940), Jacobs offers an insightful, accessible, and playfully irreverent guide for aspiring readers. Each chapter focuses on one aspect of approaching literary fiction, poetry, or nonfiction, and the book explores everything from the invention of silent reading, reading responsively, rereading, and reading on electronic devices. Invitingly written, with equal measures of wit and erudition, *The Pleasures of Reading in an Age of Distraction* will appeal to all readers, whether they be novices looking for direction or old hands seeking to recapture the pleasures of reading they first experienced as children.

A perfectionist New York clothing designer recounts her relationship with her learning-disabled daughter in this "heartfelt and inspiring" memoir (Booklist). The celebrated designer Dana Buchman knew almost nothing about "learning differences" when her daughter, Charlotte, was diagnosed with disabilities as a toddler. She soon discovered that the hard work and determination that had taken her from the Ivy League to her own fashion label wouldn't be enough to deal with Charlotte's disabilities; she would have to acquire a new skill set—to be able to see Charlotte as a person with unique abilities. A moving mother-daughter story, *A Special Education* is an inspiring account of one mother's journey to acceptance and understanding, as well as a family's triumph over daunting circumstances. "Extraordinarily engaging, candid, and courageous." —James H. Wendorf, Executive Director, National Center for Learning Disabilities "Parents of children with similar challenges will appreciate Buchman's candor." —TheCleveland Plain Dealer
