With more than 400,000 copies now in print, *The Craft of Research* is the unrivaled resource for researchers at every level, from first-year undergraduates to research reporters at corporations and government offices. Seasoned researchers and educators Gregory G. Colomb and Joseph M. Williams present an updated third edition of their classic handbook, whose first and second editions were written in collaboration with the late Wayne C. Booth. *The Craft of Research* explains how to build an argument that motivates readers to accept a claim; how to anticipate the reservations of readers and to respond to them appropriately; and how to create introductions and conclusions that answer that most demanding question, "So what?" The third edition includes an expanded discussion of the essential early stages of a research task: planning and drafting a paper. The authors have revised and fully updated their section on electronic research, emphasizing the need to distinguish between trustworthy sources (such as those found in libraries) and less reliable sources found with a quick Web search. A chapter on warrants has also been thoroughly reviewed to make this difficult subject easier for researchers. Throughout, the authors have preserved the amiable tone, the reliable voice, and the sense of directness that have made this book indispensable for anyone undertaking a research project.

The 2012 One Book Toronto title Shortlisted for the Toronto Book Award A girl faints in the Toronto subway. Her friends are taken to the hospital with unexplained rashes; they complain about a funny smell in the subway. Swarms of police arrive, and then the hazmat team. Panic ripples through the city, and words like poisoning and terrorism become airborne. Soon, people are collapsing all over the city in subways and streetcars and malls. Alex was witness to this first episode. He's a photographer: of injuries and deaths, for his job at the hospital, and of life, in his evening explorations of the city. Alex's sight is failing, and as he rushes to capture his vision of Toronto on film, he encounters an old girlfriend - the one who shattered his heart in the eighties, while she was fighting for abortion rights and social justice and he was battling his body's chemical demons. But now Susie-Paul is in the midst of her own crisis: her schizophrenic brother is missing, and the streets of Toronto are more hostile than ever. Maggie Helwig, author of the critically lauded *Between Mountains*, has fashioned a novel not of bold actions but of small gestures, showing how easy and gentle is the slide into paranoia, and how enormous and terrifying is the slide into love. 'The depth of her understanding ... fills this book with moving scenes and striking perceptions.' --The Globe and Mail (about *Between Mountains*) 'With pitch-perfect prose, Helwig shows huge compassion and an ability to make Toronto come alive.' --NOW 'stellar ... meticulous and poignant realism' --Montreal Gazette

MLA Handbook (OFFICIAL) Modern Language Association of America

The Modern Language Association, the authority on research and writing, takes a fresh look at documenting sources in the eighth edition of the MLA Handbook, the official guide to MLA format. Works are published today in a dizzying variety of ways: a novel, for example, may be read in print, online, or as an e-book—or perhaps listened to as an audiobook. Writers of research papers routinely need to know how to cite works on Web sites, videos on platforms like YouTube, interviews and other works created by multiple authors, journal articles contained in databases, online images, posts on social media sites, song lyrics, and more. Instead of providing separate instructions for each format, the MLA's unique, innovative approach recommends one set of guidelines that writers can apply to any type of source. This groundbreaking edition of the MLA's best-selling handbook is short and designed for easy use. It guides writers through the principles behind evaluating sources for their research and thus focuses on the key skills of information and digital literacy. It then shows writers how to cite sources in their writing, offering detailed guidance on in-text citations, quoting and paraphrasing, avoiding plagiarism, and more. Intended for students, teachers, librarians, and advanced scholars, the handbook is an indispensable resource in composition, communication, literature, language arts, film, media studies, digital humanities, and related fields.

NEW YORK TIMES BESTSELLER • “ A brilliant storyteller, a master of sarcasm, and a hallucinatory stylist whose obsession with the impress of the past on the present binds him to Southern literary tradition. ” —The Boston Globe Pat Conroy ' s great success as a writer has always been intimately linked with the exploration of his family history. As the oldest of seven children who were dragged from military base to military base across the South, Pat bore witness to the often cruel and violent behavior of his father, Marine Corps fighter pilot Donald Patrick Conroy. While the publication of The Great Santini brought Pat much acclaim, the rift it caused brought even more attention, fracturing an already battered family. But as Pat tenderly chronicles here, even the oldest of wounds can heal. In the final years of Don Conroy ' s life, the Santini unexpectedly refocused his ire to defend his son ' s honor. The Death of Santini is a heart-wrenching act of reckoning whose ultimate conclusion is that love can soften even the meanest of men, lending significance to the oft-quoted line from Pat ' s novel The Prince of Tides: “ In families there are no crimes beyond forgiveness. ” Praise for The Death of Santini “ A painful, lyrical, addictive read that [Pat Conroy ' s] fans won ' t want to miss. ” —People “ Conroy ' s conviction pulls you fleetly through the book, as does the potency of his bond with his family, no matter their sins. ” —The New York Times Book Review “ Vital, large-hearted and often raucously funny. ” —The Washington Post “ Conroy writes athletically and beautifully, slicing through painful memories like a point guard splitting the defense. ” —Minneapolis Star Tribune
