A Manual for Writers of Dissertations Broadview Press

Contains five pieces that might be called short stories: "Mountjoy," a first-person story that originally was to have been developed into a novel entitled "Rosalie"; "The Widow's Ordeal," a story of judicial combat gleaned from the annals of Spain; "The Grand Prior of Minorca," heard from a Knight of Malta who "loved to let his imagination carry him away"; "Guests from Gibbet Island," a legend of Communipaw found among the Knickerbocker papers at Wolfert's Roost; and "The Adalantado of the Seven Cities: A Legend of St. Brandan." Also of interest are two fanciful pieces which lack sufficient plot development to be called short stories: "Don Juan: A Spectral Research," about an amorous Spanish cavalier's encounter with his own funeral, and "Legend of the Engulphed Convent," about a convent miraculously swallowed up in the earth just as ravaging Moors broke down its gate.

American Sensations Broadview Press

Fleeing from the evil Sir Philip Morton, Peter Brownrigg finds himself on the wrong side of the law. On the run to London he meets Kit and the two decide to stick together. But a chance discovery endangers their lives and soon Peter is deep in murderous plots, secrets and even treason. Set in the turbulent days of Elizabeth I, this classic story of danger and intrigue conjures up a world of mystery, twists and turns and thrilling action.

This easy-to-use pocket guide, compiled from the sixth edition of the "Publication Manual of the American Psychological Association," provides complete guidance on the rules of style that are critical for clear communication.

The Essential Guide for Writers, Editors, and Publishers Prentice Hall
In this #1 national bestseller, a journalist who's been attacked by Antifa writes a deeply researched and reported account of the group's history and tactics. When Andy Ngo was attacked in the streets by Antifa in the summer of 2019, most people assumed it was an isolated incident. But those who'd been following Ngo's reporting in outlets like the New York Post and Quillette knew that the attack was only the latest in a long line of crimes perpetrated by Antifa. In *Unmasked*, Andy Ngo tells the story of this violent extremist movement from the very beginning. He includes interviews with former followers of the group, people who've been attacked by them, and incorporates stories from his own life. This book contains a trove of documents obtained by the author, published for the first time ever.

The most trusted source of leadership wisdom, updated to address today's realities The Leadership Challenge is the gold-standard manual for effective leadership, grounded in research and written by the premier authorities in the field. With deep insight into the complex interpersonal dynamics of the workplace, this book positions leadership both as a skill to be learned, and as a relationship that must be nurtured to reach its full potential. This new sixth edition has been revised to address current challenges, and includes more international examples and a laser focus on business issues; you'll learn how extraordinary leaders accomplish extraordinary things, and how to develop your leadership skills and style to deliver quality results every time. Engaging stories delve into the fundamental roles that great leaders fulfill, and simple frameworks provide a primer for those who seek continuous improvement; by internalizing key insights and putting concepts into action, you'll become a more effective, more impactful leader. A good leader gets things done; a great leader aspires, inspires, and achieves more. This book highlights the differences between good and great, and shows you how to bridge the chasm between getting things done and making things happen. Gain deep insight into leadership's critical role in organizational health Navigate the shift toward team-oriented work relationships Motivate and inspire to break through the pervasive new cynicism Leverage the electronic global village to deliver better results Business is evolving at an increasingly rapid rate, and leaders must keep pace with the changes or risk stagnation. People work differently, are motivated differently, and have different expectations today—business as usual is quickly losing its effectiveness. The Leadership Challenge helps you stay current, relevant, and effective in the modern workplace.

Increasingly, writing handbooks are seen as over-produced and overpriced. One stands out: The Broadview Guide to Writing is published in an elegant but simple format, and sells for roughly half the price of its fancier-looking competitors. That does not change with the new edition; what does change and stay up-to-date is the content of the book. The sixth edition brings a substantial re-organization of the contents under three headings: Writing Processes, Writing Mechanics, and Writing Contexts. Coverage of APA, Chicago, and CSE styles of documentation has been substantially expanded, and the MLA section has now been fully revised to take into account all the 2016 changes. Also expanded is coverage of academic argument; of writing and critical thinking; of writing about literature, of paragraphing; of how to integrate quoted material into one’s own work; of balance and parallelism; and of issues of gender, race, religion etc. in writing. The chapter “Seeing and Meaning: Reading (and Writing About) Visual Images” is entirely new to the sixth edition.

The Chicago Manual of Style Penguin UK

Properly analyzed, the collective mythological and religious writings of humanity reveal that around 1500 BC, a comet swept perilously close to Earth, triggering widespread natural disasters and threatening the destruction of all life before settling into solar orbit as Venus, our nearest planetary neighbor. Sound implausible? Well, from 1950 until the late 1970s, a huge number of people begged to differ, as they devoured Immanuel Velikovsky’s major best-seller, *Worlds in Collision*, insisting that perhaps this polymathic thinker held the key to a new science and a new history. Scientists, on the other hand, assaulted Velikovsky’s book, his followers, and his press mercilessly from the get-go. In *The Pseudoscience Wars*, Michael D. Gordin resurrects the largely forgotten figure of Velikovsky and uses his strange career and surprisingly influential writings to explore the changing definitions of the line that separates legitimate scientific inquiry from what is deemed bunk, and to show how vital this question remains to us today. Drawing on a wealth of previously unpublished material from Velikovsky’s personal archives, Gordin presents a behind-the-scenes history of the writer’s career, from his initial burst of success through his growing influence on the counterculture, heated public battles with such luminaries as Carl Sagan, and eventual eclipse. Along the way, he offers fascinating glimpses into the histories and effects of other fringe doctrines, including creationism, Lysenkoism, parapsychology, and more—all of which have surprising connections to Velikovsky’s theories. Science today is hardly universally secure, and scientists seem themselves beset by critics, denialists, and those they label “pseudoscientists”—as seen all too clearly in battles over evolution and climate change. *The Pseudoscience Wars* simultaneously reveals the surprising Cold War roots of our contemporary dilemma and

points readers to a different approach to drawing the line between knowledge and nonsense.

In tune with today's readers—rich but never effete—this is the art history book of choice for a new generation. Presenting a broad view of art through the centuries, it sympathetically and positively introduces the works of all artists. This includes women, artists of color, and the arts of other continents and regions, as well as those of Western Europe and the United States. The new edition contains even more full-color reproductions, larger images, redrawn maps and timelines, and new photographs and higher quality images. Balancing both the traditions of art history and new trends of the present, *Art History* is the most comprehensive, accessible, and magnificently illustrated work of its kind. Broad in scope and depth, this beautifully illustrated work features art from the following time periods and places: prehistoric art in Europe; ancient art of the Near East, Egypt, the Aegean, and Greece; Roman and Etruscan art; Jewish, early Christian, and Byzantine art; Islamic art; art from ancient India, China, Japan, and the Americas; medieval art in Europe; Romanesque, Gothic, and Renaissance art; Baroque art; art of the Pacific cultures; the rise of modern art; and the international Avant-Garde since 1945. An excellent reference work and beautiful edition for any visual artist.
