Recently, Cornett Racing Engines finished up work on a customer 's 433 cid Ford Dirt Late Model engine. The build starts with an aluminum Windsor block from either Dart or Ford Racing. " We prefer the Ford Racing block, which is a little heavier, but is less susceptible to cracking over time, " Cornett says.

Model Engine Builder. This is not a paid advertisement. Mike Rehmus has no idea I am making this recommendation. I have been reading this magazine since Mike and his wife Toni started publishing. If you are a real machinist and love to make small engines, this publication is for you. But then you would probably already know that.
