The Sociology of Religion Modern Baptists Who Is the Holy Spirit—and Why Do You Need Him in Your Life? After His crucifixion and resurrection, Jesus gave His disciples an assignment to change the world—but told them to wait until the power of the Holy Spirit had come upon them before setting out. His charge to modern-day believers is no different: To do

the works that Jesus did (and even greater ones, as He said), it is imperative that we operate from the indwelling power of the Holy Spirit. But Who is this mysterious Third Person of the Trinity? How do we get this power, and what are we to do with it when we receive it? Pat Robertson, founder of the Christian Broadcasting Network and beloved longtime host of The 700 Club, tackles these questions and many others in this, the final book of a life that is now in its ninth decade. Robertson traces the path of the Holy Spirit through both the Old and New Testaments, and shares stories from his own life and that of many 700 Club viewers testifying to how the power of the Holy Spirit has miraculously freed and healed them today. If you want a better understanding of the Holy Spirit and are hungry to know more about the power that is available through Him to every Christfollower today, this book is for you. Welcome to Higby Rosetta Books From the editorial head of MTV International and the author of the acclaimed first novel A&R comes a hugely entertaining black comedy about a big time NYC network television exec whose sudden firing forces him into a season in the wilderness as the head of a sorry family-run New England cable TV empire in the fictional town of New Bedlam, RI. Both wicked and big-hearted and often spit-take-level laugh-out-loud funny, New Bedlam is a wonderfully sharp, fun entertainment

with real bite. Bobby Kahn fired people. It was the only bad part of a job he loved. If you asked him about it he would say the same five words each of the other 24 network vice presidents said when you asked any of them: "It comes with the turf." That's how they talked. They were proudly unoriginal. It's why they made good television executives. But then one day 36-year-old network golden boy Bobby Kahn of Massapequa Long Island gets the ax himself, the scapegoat for a programming scandal. As he falls from his perch, he grasps for any branch to cling to, but the only lifeline within reach is the once-unthinkably-ignominious opportunity to relocate to the Rhode Island seaside town of New Bedlam and assume the reins of a family-run cable business with a local pipeline monopoly and three small vanity stations.

In the mid-1950s, the town of Lacey in the Mississippi hill country is a place where the lives of blacks and whites, though seemingly separate, are in fact historically and inevitably intertwined. When Lacey's fair-haired boy, Duncan Harper, is appointed interim sheriff, he makes public his private convictions about the equality of blacks before the law, and the combined threat and promise he represents to the understood order of things in Lacey affects almost every member of the community. In the end, Harper succeeds in pointing the way for individuals, both black and white, to find a more harmonious coexistence, but at a sacrifice all must come to regret. In *The Voice at the Back Door*, Mississippi native Elizabeth Spencer gives form to the many voices that shaped her view of race relations while growing up, and at the same time discovers her own voice -- one of hope. Employing her extraordinary literary powers -- finely honed narrative techniques, insight into a rich, diverse cast of characters, and an unerring ear for dialect -- Spencer makes palpable the psychological milieu of a small southern town hobbled by tradition but lurching toward the dawn of the civil rights movement. First published in 1956, *The Voice at the Back Door* is Spencer's most highly praised novel yet, and her last to treat small-town life in Mississippi.

Forty-year-old Gretchen Dambar leaves Manhattan with her new husband to settle in Tula Springs, Louisiana, where the comic mishaps of trying to adjust to his eclectic household take a tragic turn. By the author of *Modern Baptists*. Reprint. *The Levee* HarperCollins UK

In the wake of dramatic, recent changes in American family life, evangelical and mainline Protestant churches took markedly different positions on family change. This work explains why these two traditions responded so differently to family change and then goes on to explore how the stances of evangelical and mainline Protestant churches toward marriage and parenting influenced the husbands and fathers that fill their pews. According to W. Bradford Wilcox, the divergent family ideologies of evangelical and mainline churches do not translate into large differences in family behavior between evangelical and mainline Protestant men who are married with children. Mainline Protestant men, he contends, are "new men" who take a more egalitarian approach to the division of household labor than their

conservative peers and a more involved approach to parenting than men with no religious affiliation. Evangelical Protestant men, meanwhile, are "soft patriarchs"—not as authoritarian as some would expect, and given to being more emotional and dedicated to their wives and children than both their mainline and secular counterparts. Thus, Wilcox argues that religion domesticates men in ways that make them more responsive to the aspirations and needs of their immediate families.

"It is 22 cats that drive the dazzlingly handsome Eric Thorsen to distraction and into the apartment -- if not immediately the arms -- of Wanda Skopinski, the rather mousy woman he meets at church when she thrusts a lesbian romance novel upon him. The stench from downstairs drives him from both his rent-controlled apartment and his complacency as a not-quite-successful piano teacher. In his sixth novel, James Wilcox moves beyond the modern South he

has etched so vividly and amusingly in the past to take on Manhattan. But somehow he manages to bring the city down to size.... The book is filled with as eccentric an array of characters and as much gentle kinkiness as any small-town chronicle.... A winning and consistently entertaining story." --
