A quilt is about home, daily life, where you've been and who you've known. It's about stories and history. A quilt is imbued with the power to rediscover memories, open up conversations and bring people together. For Julius Arthur of House of Quinn, this idea extends into our design ethos bringing together stories and narratives to create everyday items and objects. Modern Quilting highlights how traditional quilting and sewing techniques can be utilized to create contemporary items and objects for the home. Showcasing 20 stunning projects, Julius shows you the beauty of renewing textiles and materials by giving them a new life. Contemporary quilting honors the traditional processes but allows you to create the rules of what you want to create. With a more creative and free approach to working with textiles, quilts and making, Julius guides the reader through four skill based workshops, and techniques, such as stitching, quilting, collage and mark making, before opening up into a range of modern quilt-based projects that can be created from combining these fundamental skills. With stunning photography and step-by-step illustrations throughout, fall in love with this age-old craft and discover how to create meaningful items for your own living spaces, places and daily rituals.

Modern Essentials HANDBOOK John Wiley & Sons
"The last four decades have seen a revival of interest in the renaissance transverse flute. The few collections of surviving original flutes from the sixteenth century have increasingly attracted musicologists, instrument makers, and players to examine, measure (and copy), perform and record on them. Renaissance flute workshops and summer courses attract students and amateur players in several corners of Europe every year. At the same time, renaissance manuscripts and early prints have increasingly become available on the internet, providing an ever-expanding supply of materials for flutists wanting to experience renaissance music for themselves. This handbook for renaissance flute players offers all the information needed to buy, maintain, and learn to play the renaissance flute, whether alone or in consort. It explains how to read and interpret renaissance music whether from original notation or in modern editions, how to make your own transcriptions, and how to write your own diminutions. It also introduces readers to the basics of renaissance music theory, in clear and simple language. At a time when the gap between the professional "classical" music world and its public seems to have grown irrevocably, this book aims to demystify the business of making beautiful music together. It is a key to the elegant, cylindrical flute that was played all over Europe in the age of polyphony and to the gentle art of consort playing."--

Modern Essentials Llewellyn Worldwide
How today's cornucopia of choices has transformed our lives and our culture, from the

foundations of scientific theory to the anxiety of everyday decisions. Today most of us are awash with choices. The cornucopia of material goods available to those of us in the developed world can turn each of us into a kid in a candy store; but our delight at picking the prize is undercut by our regret at lost opportunities. And what's the criterion for choosing anything—material, spiritual, the path taken or not taken—when we have lost our faith in everything? In *The Era of Choice* Edward Rosenthal argues that choice, and having to make choices, has become the most important influence in both our personal lives and our cultural expression. Choice, he claims, has transformed how we live, how we think, and who we are. This transformation began in the nineteenth century, catalyzed by the growing prosperity of the Industrial Age and a diminishing faith in moral and scientific absolutes. The multiplicity of choices forces us to form oppositions; this, says Rosenthal, has spawned a keen interest in dualism, dilemmas, contradictions, and paradoxes. In response, we have developed mechanisms to hedge, compromise, and to synthesize. Rosenthal looks at the scientific and philosophical theories and cultural movements that choice has influenced—from physics (for example, Niels Bohr's theory that light is both particle and wave) to postmodernism, from Disney trailers to multiculturalism. He also reveals the effect of choice on the personal level, where we grapple with decisions that range from which wine to have with dinner to whether to marry or divorce, as we hurtle through lives of instant gratification, accelerated consumption, trend, change, and speed. But we have discovered, writes Rosenthal, that sometimes, we can have our cake and eat it, too.

An essential handbook for students and professionals on writing eloquently, accurately, and originally about contemporary art. *How to Write About Contemporary Art* is the definitive guide to writing engagingly about the art of our time. Invaluable for students, arts professionals and other aspiring writers, the book first navigates readers through the key elements of style and content, from the aims and structure of a piece to its tone and language. Brimming with practical tips that range across the complete spectrum of art-writing, the second part of the book is organized around its specific forms, including academic essays; press releases and news articles; texts for auction and exhibition catalogues, gallery guides and wall labels; op-ed journalism and exhibition reviews; and writing for websites and blogs. In counseling the reader against common pitfalls—such as jargon and poor structure—Gilda Williams points instead to the power of close looking and research, showing how to deploy language effectively; how to develop new ideas; and how to construct compelling texts. More than 30 illustrations throughout support closely analysed case studies of the best writing, in *Source Texts* by 64 authors, including Claire Bishop, Thomas Crow, T.J. Demos, Okwui Enwezor, Dave Hickey, John Kelsey, Chris Kraus, Rosalind Krauss, Stuart Morgan, Hito Steyerl, and Adam Szymczyk. Supplemented by a general bibliography, advice on the use and misuse of grammar, and tips on how to construct your own contemporary art library, *How to Write About Contemporary Art* is the essential handbook for all those interested

in communicating about the art of today.

The American Heritage Book Of English Usage Clarkson Potter

A field guide to the new world of wine, featuring an overview of today's most exciting regions and easy-to-use advice on properly tasting wine, discovering under-the-radar gems, and finding the perfect bottle for any occasion. Highlighting wines from old world regions such as France, Italy, Spain, and Germany to new world wines from the United States, Australia, New Zealand, Chile, and more, *The Essential Wine Book* tells you what to drink and why. Beginning with foundational information about how wine is made, how to taste it, and how to understand terroir, wine expert and journalist Zachary Sussman then gives an overview of the most important and interesting wine regions today—both established and still emerging. For instance, the great French wines of Burgundy and Champagne are already well known, but for affordable bottles you can easily find at your local wine shop, Sussman profiles up-and-coming producers in other regions, including the Jura, Languedoc-Roussillon, and more. In a similar vein, California's Napa Valley has for decades been the source of America's most prestigious wines, but here you'll learn about other areas of the state that are gaining recognition, from Lodi to the Santa Rita Hills. You'll find user-friendly "just the highlights" notes for each region, as well as recommendations for producers and particular bottles to seek out. Diving deep into what makes each region essential and unique, this comprehensive guide gives new wine drinkers and enthusiasts alike an inside track on modern wine culture.

Unbored is the book every modern child needs. Brilliantly walking the line between cool and constructive, it's crammed with activities that are not only fun and doable but that also get kids standing on their own two feet. If you're a kid, you can: -- Build a tipi or an igloo -- Learn to knit -- Take stuff apart and fix it -- Find out how to be constructively critical -- Film a stop-action movie or edit your own music -- Do parkour like James Bond -- Make a little house for a mouse from lollipop sticks -- Be independent! Catch a bus solo or cook yourself lunch -- Make a fake exhaust for your bike so it sounds like you're revving up a motorcycle -- Design a board game -- Go camping (or glamping) -- Plan a road trip -- Get proactive and support the causes you care about -- Develop your taste and decorate your own room -- Make a rocket from a coke bottle -- Play farting games There are gross facts and fascinating stories, reports on what stuff is like (home schooling, working in an office...), Q&As with inspiring grown-ups, extracts from classic novels, lists of useful resources and best ever lists like the top clean rap songs, stop-motion movies or books about rebellion. Just as kids begin to disappear into their screens, here is a book that encourages them to use those tech skills to be creative, try new things and change the world. And it gets parents to join in. *Unbored* is fully illustrated, easy to use and appealing to young and old, girl and boy. Parents will be comforted by its anti-perfectionist spirit and humour. Kids will just think it's brilliant.
