*The Darkness That Comes Before* National Academies Press  
“ This cleverly constructed and beautifully illustrated book contains 14 contemporary patchwork projects, all pieced in a plethora of technicolor shades. ” —Love Patchwork & Quilting Building on the popularity of modern quilting, the book features 14 patchwork projects with a modern look which use rainbows as the overall color theme. The book enables readers to create their own rainbow look, from selecting which colors to use and choosing the appropriate fabrics for a project. Starting from the basics of patchwork the book includes tutorials on creating simple blocks, finishing a quilt and making an envelope cushion, alongside the basic tools and techniques used. Each of the 14 projects is broken down into easy to follow steps with detailed illustrations, making the book accessible for confident beginners as well as more seasoned quilters. The projects range in difficulty and time requirements, meaning that there is something for everyone depending in their time available and skill level. The five cushions and three mini projects are great for beginners, offering a smaller scale project that can be completed within a day and help to develop some of the skills required for making larger quilts. The six quilt projects include two large bed sized quilts, two lap quilts, a single bed quilt and a picnic blanket. All of the skills required to complete the quilts are included within the book, along with details on the authors inspiration, fabric choice and a coloring page. “ Distinct shapes, clean lines and clear colors reflect the modern quilt esthetic in Paula Steel ’ s designs. ” —Create Whimsey “ Quilting has a fresh new look. ” —Handmade by Deb

From beginners to professionals, this is a must-have book for doll clothes sewing lovers.  
The Big Book of Little Quilts Stash Books  
Scores of talented and dedicated people serve the forensic science community, performing vitally important work. However, they are often constrained by lack of adequate resources, sound policies, and national support. It is clear that change and advancements, both systematic and scientific, are needed in a number of forensic science disciplines to ensure the reliability of work, establish enforceable standards, and promote best practices with consistent application. Strengthening Forensic Science in the United States: A Path Forward provides a detailed plan for addressing these needs and suggests the creation of a new government entity, the National Institute of Forensic Science, to establish and enforce standards within the forensic science community. The benefits of improving and regulating the forensic science disciplines are clear: assisting law enforcement officials, enhancing homeland security, and reducing the risk of wrongful conviction and exoneration. Strengthening Forensic Science in the United States gives a full account of what is needed to advance the forensic science disciplines, including upgrading of systems and organizational structures, better training, widespread adoption of uniform and enforceable best practices, and mandatory certification and accreditation programs. While this book provides an essential call-to-action for congress and policy makers, it also serves as a vital tool for law enforcement agencies, criminal prosecutors and attorneys, and forensic science educators.

Irish Chain Quilts Harvard University Press  
Originally published in 1941, this book was originally intended as a popular guide to the Scottish Prayer Book. Perry explains the services in the order in which they appear in the Prayer Book while simultaneously attempting 'to justify the truths embodied in them'. This book will be of value to anyone with an interest in the history of Scottish Protestantism.  
Seeing Like a State C&T Publishing Inc  
. . . the four books comprising the series would certainly be a valuable addition to any entrepreneurship library. However, each book also stands alone as an individual purchase. Lorraine Warren, International Journal of Entrepreneurial Behaviour and Research The book delivers what it promises: a map of the uses of narrative methods in entrepreneurship studies. It is both an interesting contribution to the field and an important methodological handbook for all entrepreneurship researchers who are thinking of adopting qualitative methods in their inquiries. However, it may also be read with advantage by other researchers using ethnography as their main methodological approach to social studies. . . The aim of the book is to show how narratives can enrich entrepreneurship studies, a goal that in my opinion is aptly fulfilled. Monika Kostera, Scandinavian Journal of Management . . . the contributors in this text breathe fresh and imaginative linguistic resources and narrative/discursive frames of reference into the inquiry of entrepreneurial activities. The anecdote, the narrative, the metaphorical, the discursive and the dramaturgical are significant therefore, not only because they bring to the surface voices, emotions, processes and the relationality of (everyday) entrepreneurial activity that have possibly been previously silenced. But also, to paraphrase Steyaert, these approaches highlight the controversial and interactive aspects of the research process. . . The text is welcome because it treats narrative in a serious and scholarly way. Denise Fletcher, International Small Business Journal In their edited book Narrative and Discursive Approaches in Entrepreneurship, Daniel Hjorth and Chris Steyaert provide a fascinating glimpse into a perspective on entrepreneurship that will be enlightening for many readers. Entrepreneurship authors typically talk about theory, methods, and data as if a straight-forward linear process united them all, and making sense of entrepreneurship was simply a matter of knowing how to interpret one s findings . By contrast, the authors in this volume propose narrative and discursive approaches in which the contributing authors emphasize rich description, reflexive conceptualization, and interpretations offered as part of the story itself. They draw upon an international set of cases, including Russia, Sweden, Denmark, Norway, Venezuela, and North America. The cases themselves make for fascinating reading, quite apart from what we learn about the difficulties of imposing a particular interpretation on a given story. For example, taxi drivers in Caracas, management consultants in Denmark, and women entrepreneurs in northern Norway all make for fascinating narratives from which to understand the entrepreneurial process. Unlike many edited books which have no plot , the editors have included opening and closing sections that link the chapters, offer alternative readings of them, and propose new and expansive ways of thinking about entrepreneurship. Howard Aldrich, University of North Carolina at Chapel Hill, US Daniel Hjorth and Chris Steyaert set out to advance the study of entrepreneurship by refocusing the lens of discovery from economics, management and marketing to other paradigmatic stances in social sciences and humanities like anthropology and literary studies. The result is a provocative collection of chapters that inspire the reader to consider and explore new ideas and research practice that incorporate both the context and place of entrepreneurship. From the perceptive insights of the editors to the rigorous and provocative discourse of the chapters and thoughtful responses in the conclusion emerges a story, in the best of storytelling tradition, about how a linguistic turn can rouse new insights. The editors ask, how do these texts move you? they entice, provoke, challenge, stimulate and guide. Their

implications should be far reaching and required reading for any student of t

Wild Wool & Colorful Cotton Quilts C&T Publishing Inc

A mysterious traveler intervenes in an epic holy war in this “impressive, challenging debut” of the critically acclaimed fantasy epic (Publishers Weekly, starred review). The first book in R. Scott Bakker's Prince of Nothing series introduces readers to a strikingly original and engrossingly vivid new world. With its language and classes of people, its cities, religions, mysteries, taboos, and rituals, The Darkness That Comes Before has drawn comparison to J.R.R. Tolkien's The Lord of the Rings and Frank Herbert's Dune. Bakker's Eärrwa is a world scarred by an apocalyptic past, evoking a time both two thousand years past and two thousand years into the future. As untold thousands gather for a crusade, two men and two women are ensnared by a mysterious traveler, Anasûrimbor Kellhus—part warrior, part philosopher, part sorcerous, charismatic presence—from lands long thought dead. The Darkness That Comes Before is a history of this great holy war, and like all histories, the survivors write its conclusion.

John Dewey's Democracy and Education addresses the challenge of providing quality public education in a democratic society. In this classic work Dewey calls for the complete renewal of public education, arguing for the fusion of vocational and contemplative studies in education and for the necessity of universal education for the advancement of self and society. First published in 1916, Democracy and Education is regarded as the seminal work on public education by one of the most important scholars of the century.

The quilts in this stellar collection are easy to start and finish, to give and display, and to enjoy while sewing an afternoon away.

Patchwork Quilts Taunton Press

“Fiddler, father, widower, cowboy and lover, Du Pré has the soul of a poet, the eyes of a wise man, and the heart of a comic” (The New York Times Book Review). Gabriel Du Pré's precocious granddaughter, Pallas, has returned from her Washington, DC, boarding school, and trouble seems to have come along for the ride. Du Pré's girlfriend's son, Chappie, is also back from serving in Iraq, minus one leg and one eye. As the family tries to help him adjust to civilian life, the town is invaded by a fire-and-brimstone fundamentalist sect, whose preacher is hell-bent on imposing his own beliefs on the easygoing people of Toussaint, where even the most pious prefer to keep God to themselves. Du Pré is content to ignore the evangelists, until a mountain hike turns up the body of a little girl. Although he has no hard evidence, instinct tells him that the fundamentalists may be to blame. Du Pré hunts the countryside for the young girl's killer, wishing as always that the outside world would leave his beloved Montana alone. In this “admirable, highly original” series, “Du Pré, a Métis Indian, ignores the speed limit, smokes hand-rolled cigarettes and drinks whisky like it was water. He also plays fiddle like an angel, takes care of his friends and defends the weak with equal passion” (Publishers Weekly). Nails is the 13th book in The Montana Mysteries Featuring Gabriel Du Pré series, but you may enjoy reading the series in any order.
