The Sociology of Childhood Holman
Bible Publishers

The Chamber of Eternity is said to contain a hieroglyphic code to the future, the meaning of life and the secrets of immortality. For thousands of years its site has been fiercely guarded, its existence defended by preposterous rumours and outright lies.

Learning of the mysterious vault, Napoleon Bonaparte launches an expedition to Egypt to locate the Chamber. When its extraordinary secrets are revealed to him in the heart of the Great Pyramid, he returns to Paris and swiftly becomes Emperor of France. Forty years later Queen Victoria becomes

infatuated with the legend and recruits Alexander Rhind, a modest young Scot, to infiltrate a secretive cabal of archaeologists known as the 'Brotherhood of Eternity'. But when Rhind himself is seduced by the mystery, he is compelled to undertake his own expedition to Egypt to uncover the truth. With its cast of emperors, popes, queens, generals, sheikhs, artists and archaeologists - every one of them real - The Empire of Eternity is a spellbinding novel about the wonders of Egypt, the secrets of the gods, and man's desire to achieve immortality at all costs. By turns awesome and intimate, its revelations endure far beyond the final page.

2022 Weekly Planner Insights

"Persephone is the Goddess of Spring in title only. Since she was a little girl, flowers have only thrived at her touch. After moving to New Athens, she hoped to lead an unassuming life disguised as a mortal journalist. All of that changes when she sits down in a forbidden nightclub to play a hand of cards with a hypnotic and mysterious stranger. Hades, God of the Dead, has built a gambling empire in the mortal world and his favorite bets are rumored to be impossible. But nothing has ever intrigued him as much as the goddess offering him a bargain he can't resist. After her encounter with Hades, Persephone finds herself in a contract with the God of the Dead, and his terms are impossible: Persephone must create life in the Underworld or lose her freedom forever. The bet does more than expose Persephone's failure as a goddess, however. As she struggles to sow the seeds of her freedom, love for the God of the Dead grows—a love that is both captivating and forbidden"--

Eleanor Oliphant Is Completely Fine CreateSpace

A WRY AND HILARIOUS ACCOUNT OF LIFE AT A BOOKSHOP IN A REMOTE SCOTTISH VILLAGE "Among the most irascible and amusing bookseller memoirs I've read." —Dwight Garner, The New York Times "Warm, witty and laugh-out-loud funny..." —The Daily Mail The Diary of a Bookseller is Shaun Bythell's funny and fascinating memoir of a year in the life at the helm of The Bookshop, in the small village of Wigtown, Scotland—and of the delightfully odd locals, unusual staff, eccentric customers, and surreal buying trips that make up his life there as he struggles to build his business . . . and be polite . . . In this wry and hilarious diary, he tells us the trials and tribulations of being a small businessman; of learning that customers can be, um, eccentric; and of wrangling with his own staff of oddballs. And perhaps none are quirrier than the charmingly cantankerous bookseller Bythell himself turns out to be. Slowly, with a mordant wit and keen eye, Bythell is seduced by the growing charm of small-town life,

despite—or maybe because of—all the peculiar characters there.

2,600 Stickers to Decorate, Organize, and Brighten Your Planner Bloomsbury Publishing USA

The Anti-Counterfeiting Trade Agreement (ACTA) is the most important effort undertaken to lay down a plurilateral legal framework for the enforcement of intellectual property rights. With the view to learn more about the origins of this treaty, the process leading to its conclusion and its implications for law making in this field, The ACTA and the Plurilateral Enforcement Agenda: Genesis and Aftermath analyses in great depth both the context and the content of the agreements. In order to attain this objective, a large and diverse group of experts - renowned scholars, policy makers, civil society and industry actors - who represent different perspectives on the necessary balance between intellectual property enforcement and other economic and social interests have been gathered together. This book is the most comprehensive analysis of ACTA, and of its relation with ongoing initiatives to improve enforcement of intellectual property and norms pertaining to a range of international legal regimes, conducted so far.

Capturing the 110-year history of the Internazionale Soccer Club Milan, commonly called Inter, this publication features the club's most important moments from its past and its key players, trainers and presidents.

The Brilliant Abyss Alpha Edition

Richard I, the Lionheart, remains forever (and perhaps wrongly) the mythical king of England who preferred to wage war than to rule over his empire. The familiar epithet conveys all the principal features of his indomitable character:

courage, valor, prowess, the pursuit of glory, the thirst for fame, generosity in war and peace, a sense of honor combined with a sort of haughty dignity made up of both arrogance and pride. In this book, Jean Flori examines both Richard's role as prince and king in history, and also analyses the different and sometimes controversial elements which, for the chroniclers of his day, helped to make Richard a true model of chivalry. Among the questions addressed are: What influences formed his character and determined his behavior, real or assumed? Why did the image of Richard as a king who was also a knight so quickly and so soon supplant all others, creating a quasi-definitive point of reference? Why did Richard deliberately, it would appear, choose to present himself in this chivalric guise and disseminate this image of himself by what we would today call a media campaign, using all the methods then at his disposal, limited perhaps but by no means ineffective? Last but not least, what is the historical and ideological significance of the choice and, even more, success of this image, which has been adopted by history and disseminated by legend, an image based on historical accounts and documents in which history and legend are sometimes inextricably interwoven? The first part of the book takes a straightforward chronological approach to Richard's life, from his birth in 1157, through conflict with his father, Henry II, and his brothers, to his coronation and his years of crusading and fighting the French; culminating in his death in battle in 1199. The second part analyses Richard's image in relation to medieval chivalry.

When Lucy throws Schroeder's piano into the Kite-Eating Tree, Charlie Brown and Snoopy must find a way to save the

instrument from being chomped. "The Piano-Eating Tree" and many more Peanuts adventures can be found in this month's issue of all-out fun!

Christmas at Thompson Hall Insights

The deep sea is the last, vast wilderness on the planet. For centuries, myth-makers and storytellers have concocted imaginary monsters of the deep, and now scientists are looking there to find bizarre, unknown species, chemicals to make new medicines, and to gain a greater understanding of how this world of ours works. With an average depth of 12,000 feet and chasms that plunge much deeper, it forms a frontier for new discoveries. The Brilliant Abyss tells the story of our relationship with the deep sea – how we imagine, explore and exploit it. It captures the golden age of discovery we are currently in and looks back at the history of how we got here, while also looking forward to the unfolding new environmental disasters that are taking place miles beneath the waves, far beyond the public gaze. Throughout history, there have been two distinct groups of deep-sea explorers. Both have sought knowledge but with different and often conflicting ambitions in mind. Some people want to quench their curiosity; many more have been lured by the possibilities of commerce and profit. The tension between these two opposing sides is the theme that runs throughout the book, while readers are taken on a chronological journey through humanity's developing relationship with the deep sea. The Brilliant Abyss ends by looking forwards to humanity's advancing impacts on the deep, including mining and pollution and what we can do about them.
