THE NEW YORK TIMES BESTSELLER Transform your life using the Bullet Journal Method, the revolutionary organisational system and worldwide phenomenon. The Bullet Journal Method will undoubtedly transform your life, in more ways than you can imagine' Hal Elrod, author of The Miracle Morning In his long-awaited first book, Ryder Carroll, the creator of the enormously

popular Bullet Journal organisational system, explains how to use his method to: * TRACK YOUR PAST: using nothing more than a pen and paper, create a clear, comprehensive, and organised record of your thoughts and goals. * ORDER YOUR PRESENT: find daily calm by prioritising and minimising your workload and tackling your to-do list in a more mindful and productive way. * PLAN YOUR FUTURE: establish and appraise your short-term and long-term goals, plan more complex projects simply and effectively, and live your life with meaning and purpose. Like many of us, Ryder Carroll tried everything to get organised - countless apps, systems, planners, you name it. Nothing really worked. Then he invented his own simple system that required only pen and paper, which he found both effective and calming. He shared his method with a few friends, and before long he had a worldwide viral movement. The system combines elements of a wishlist, a to-do list, and a diary. It helps you identify what matters and set goals accordingly. By breaking long-term goals into small actionable steps, users map out an approachable path towards continual improvement, allowing them to stay focused despite the crush of incoming demands. But this is much more than a time management book. It's also a manifesto for what Ryder calls "intentional living": making sure that your beliefs and actions align. Even if you already use a Bullet Journal, this book gives you

Everyone has a purpose. And, according to Oprah Winfrey, "Your real job in life is to figure out as soon as possible what that is, who you are meant to be, and begin to honor your calling in the best way possible." That journey starts right here. In her latest book, *The Path Made Clear*, Oprah shares what she sees as

a guide for activating your deepest vision of yourself, offering the framework for creating not just a life of success, but one of significance. The book's ten chapters are organized to help you recognize the important milestones along the road to self-discovery, laying out what you really need in order to achieve personal contentment, and what life's detours are there to teach us. Oprah opens each chapter by sharing her own key lessons and the personal stories that helped set the course for her best life. She then brings together wisdom and insights from luminaries in a wide array of fields, inspiring readers to consider what they're meant to do in the world and how to pursue it with passion and focus. Renowned figures such as Eckhart Tolle, Brene Brown, Lin-Manuel Miranda, Elizabeth Gilbert, Jay-Z, and Ellen DeGeneres share the greatest lessons from their own journeys toward a life filled with purpose. From the New York Times bestselling author of Uncomfortable Conversations with a Black Man, a call to break through our limits and say yes to a life of infinite possibility. You may know Emmanuel Acho as the host of groundbreaking video series "Uncomfortable Conversations with a Black Man." Or as a New York Times bestselling author. Or as an Emmy-winning television broadcaster. Or as a former linebacker for two NFL franchises. What you probably don't know is that Emmanuel defines his own life with just one word: Illogical. Behind every triumph, every expression of his gifts, Acho has had to ignore what everyone around him called "logic": the astronomical odds against making it, the risks of continuing to dream bigger or differently. Instead of playing it safe, at every turn Acho has thrown conventional wisdom—logic—out the window. Now, in this revelatory book, he's empowering us all to do the same. Whether it's creating the next groundbreaking startup, fighting for change as an activist, or committing to a personal passion, Illogical is the go-

to book for all readers ready to become change-makers.

With a step-by-step guide to finding our callings and shifting our mindsets, enlivened by stories from Acho's life and other illogical pioneers, and the Bible, Acho asks us to replace the limits set for us, and which we set for ourselves, with a world of possibility. Our horizons, he shows us, are endless.

A Wall Street Journal, Southern Indie, and Publishers Weekly Bestseller Stock-car racing star, country singer, and sports broadcaster Kyle Petty shares his familial legacy, intertwined with NASCAR's founding and history, in *Swerve or Die*—written with Pulitzer Prize-winner Ellis Henican, the New York Times bestselling coauthor of *In the Blink of an Eye*. “Born into racing royalty. The only son of NASCAR's winningest driver ever. The grandson of one of the sport's true pioneers. The nephew of our very first Hall of Fame engine builder. It's quite a family to represent, and through it all, I've somehow managed to keep being Kyle.” Kyle Petty won his very first stock-car race, the Daytona ARCA 200, in 1979 when he was eighteen. Hailed as a third-generation professional NASCAR racer, he became an instant celebrity in circles he had been around all his young life. Despite being the grandson and son of racing champions Lee Petty and Richard Petty, Kyle didn't

inherit innate talent. Working in his family's North Carolina race shop from an early age, he learned all about car mechanics and maintenance long before he got behind the wheel. And although Kyle continued the family business, driving “Petty blue” colored cars emblazoned with his grandfather's #42—a number once used by Marty Robbins—his career took a different route than his forebears'. In *Swerve or Die: Life at My Speed in the First Family of NASCAR* Racing, Kyle chronicles his life on and off the racetrack, presenting his insider's perspective of growing up throughout the sport's popular rise in American culture. In between driving and running Petty Enterprises for thirty years, Kyle took some detours into country music, voiced Cal Weathers in Pixar's *Cars 3*, and started his annual motorcycle Kyle Petty Charity Ride Across America. And when his nineteen-year-old son Adam, a fourth-generation racing Petty, tragically lost his life on the track, Kyle founded Victory Junction, a camp for children with chronic and serious medical conditions in Adam's name—with help from Academy Award-winning actor and motorsports enthusiast Paul Newman. Filled with NASCAR history, stories of his

family's careers, and anecdotes about some of stock-car racing's most famous drivers, Kyle's memoir also tackles the sport's evolution, discussing how welcoming diverse racers, improving car and track safety features, and integrating green technology will benefit NASCAR's competitors and fans in the future.
