Mom's Devotional Bible Kregel Publications

A profound exploration of how to hold on to hope when our unchanging faith collides with a changing culture, from two respected Christian storytellers and thought leaders. “Offers neither spin control nor image maintenance for the evangelical tribe, but genuine hope.” —Russell Moore, president of ERLC

As the pressures of health warnings, economic turmoil, and partisan politics continue to rise, the influence of gospel-focused Christians seems to be waning. In the public square and popular opinion, we are losing our voice right when it's needed most for Christ's glory and the common good. But there's another story

unfolding too—if you know where to look. In *Gospelbound*, Collin Hansen and Sarah Eekhoff Zylstra counter these growing fears with a robust message of resolute hope for anyone hungry for good news. Join them in exploring profound stories of Christians who are quietly changing the world in the name of Jesus—from the wild world of digital media to the stories of ancient saints and unsung contemporary activists on the frontiers of justice and mercy. Discover how, in these dark times, the light of Jesus shines even brighter. You haven't heard the whole story. And that's good news.

Find beauty and hope by facing and dealing with the messiness of family life. The family is an imperfect institution. Broken people become broken parents who make broken families. But actually, broken is normal and exactly where God wants us. In *The Beauty of Broken*, Elisa Morgan, one of today's most respected female Christian

leaders, for the first time shares her very personal story of brokenness—from her first family of origin to the second, represented by her husband and two grown children. Over the years, Elisa’s family struggled privately with issues many parents must face, including: alcoholism and drug addiction infertility and adoption teen pregnancy and abortion divorce, homosexuality, and death Each story layers onto the next to reveal the brokenness that comes into our lives without invitation.

“ We’ve bought into the myth of the perfect family,” says Elisa. “ Formulaic promises about the family may have originated in well-meaning intentions, but such thinking isn’t realistic. It’s not helpful. It’s not even kind.” Instead she offers hope in the form of “ broken family values ” that allow parents to grow and thrive with God. Values such as commitment, humility, relinquishment, and respect carry us to new places of understanding. Owning our brokenness shapes us into God’s best idea for us and enables us to discover the beauty in

ourselves and each member of our family.

and authenticity, Tricia Goyer invites us into her home to learn how to live grumble-free and paints a beautiful picture of the transformation process that evolves through a steadfast commitment, even with a few detours along the way." --Elisa Pulliam, life coach and founder of MoretoBe.com "When Tricia talks, I listen. That's because whatever she writes about, she has intimately lived. But instead of presenting as a perfect expert, Tricia pulls up a chair beside you as another woman facing the same battles. Moments of Peace for Moms RosettaBooks

The human population's annual total consumption is not sustainable by one planet. This unprecedented situation calls for a reform of religious cultures that promote a large ideal family

size. Many observers assume that Christianity is inevitably part of this problem because it promotes "family values" and statistically, in America and elsewhere, has a higher birthrate than nonreligious people. This book explores diverse ideas about human reproduction in the church past and present. It investigates an extreme fringe of U.S. Protestantism, including the Quiverfull movement, that use Old Testament "fruitful" verses to support natalist ideas explicitly promoting higher fecundity. It also challenges the claim by some natalists that Martin Luther in the 16th century advocated similar ideas. This book argues that natalism is inappropriate as a Christian application of Scripture, especially since rich populations' total footprints are detrimental to biodiversity and to human welfare. It explores the ancient cultural context of the Bible verses quoted by natalists. Challenging the assumption that religion normally promotes fecundity, the book finds surprising exceptions among early Christians (with a special

focus on Saint Augustine) since they advocated spiritual fecundity in preference to biological fecundity. Finally the book uses a hermeneutic lens derived from Genesis 1, and prioritising the modern problem of biodiversity, to provide ecological interpretations of the Bible's "fruitful" verses.
