All Hail the House Gods
Visible Ink Press
Contains an all-new afterword
by New York Times best-
selling author Larry Correia!
Welcome to Monster Hunter
International. Five days
after Owen Zastava Pitt
pushed his insufferable boss
out of a fourteenth story
window, he woke up in the
hospital with a scarred face,
an unbelievable memory, and a
job offer. It turns out that
monsters are real. All the
things from myth, legend, and
B-movies are out there,
waiting in the shadows.
Officially secret, some of
them are evil, and some are

just hungry. On the other side
are the people who kill
monsters for a living. Monster
Hunter International is the
premier eradication company in
the business. And now Owen is
their newest recruit. It's
actually a pretty sweet gig,
except for one little problem.
An ancient entity known as the
Cursed One has returned to
settle a centuries old
vendetta. Should the Cursed
One succeed, it means the end
of the world, and MHI is the
only thing standing in his
way. With the clock ticking
towards Armageddon, Owen finds
himself trapped between
legions of undead minions,
belligerent federal agents, a
cryptic ghost who has taken up
residence inside his head, and
the cursed family of the woman
he loves. Business is good . .

Random House Books for Young Readers

Monsters have been spotted everywhere, not just hiding under a child's bed, lurking in the closet, or springing forth from folkloric tales. Exploring the history, mythology, pop culture, and the world of the supernatural, *The Monster Book: Creatures, Beasts, and Fiends of Nature* is a comprehensive resource of the monster menagerie from around the world. Examining the lore and legends, as well as the first-person accounts of bizarre freaks of nature and spine-tingling paranormal entities, it details each beast with thorough research, while recounting the facts in an engaging narrative. This fascinating look at monsters investigates nearly 200 beings, beasts, freaks, and fiends, ranging from the renowned and celebrated to the little-known and inglorious, including Werewolves, Bigfoot, the Loch Ness monster, the chupacabra, Mothman, the Abominable Snowman, the Mongolian Death Worm, Living Pterosaurs, Alien Big Cats, Lizard Man, Lake Worth Monster, the Monstrous Monitor, South American Sasquatch, the Jersey Devil, Sea Serpents, Phantom Black Dogs, and much, much more.

Stone U of Minnesota Press

For fans of *How to Babysit a Grandpa* comes a tongue-in-cheek story that is a step-by-step manual for putting your monster to bed. If you have a monster that won't go to bed, don't bother asking your parents to help. They know a lot about putting kids to bed, but nothing about putting monsters to bed. It's not their fault; they're just not good at it. Read this book instead. It will tell you what to feed your monster before bed (it's not warm milk), and what to sing to your monster (it's not a soothing lullaby), and what to read to your monster to send him off to dreamland in no time (the scarier, the better). Just make sure you don't get too good at putting monsters to bed—or you might have a BIG problem on your hands! Praise for Zachariah OHora: “The text is pitch-perfect, and the art is its match.” —Chicago

Tribune (Wolfie the Bunny) “Picture books with hip, quirky illustrations that are not just funny but also have plenty of heart are hard to find. The stylish *My Cousin Momo* by Zachariah OHora has it all.” —The Boston Globe (*My Cousin Momo*) [set star]

“OHora's acrylic paintings are the heart of this tale. They clearly show everyone's feelings . . . and there are brilliant bits of humor and whimsy.” —School Library Journal, starred review (Wolfie the Bunny)

“OHora could paint stones in the street and make them funny.” —Publishers Weekly (*My Cousin Momo*)

The Big Ugly Monster and the Little Stone Rabbit Millbrook Press

IN A BUSINESS LIKE MONSTER HUNTING, IT'S ALL ABOUT SETTING PRIORITIES The chaos god Asag has been quiet since the destruction of the City of Monsters, but Monster Hunter International know that he is still out there, somewhere—plotting, waiting for his chance to unravel reality. When Owen and the MHI team discover that one of Isaac Newton's Ward Stones is being auctioned off by Reptoids who live deep beneath Atlanta, they decide to steal the magical superweapon and use it to destroy Asag once and for all. But before the stone can be handed off, it is stolen by a mysterious thief with ties to MHI and the Vatican's Secret Guard. It's a race against time, the Secret Guard, a spectral bounty hunter, and a whole bunch of monsters to acquire the Ward Stone and use it against Asag. For as dangerous as the chaos god is, there is something much older—and infinitely more evil—awakening deep in the jungles of South America. At the publisher's request, this title is sold

without DRM (Digital Rights Management). About Larry Correia and the Monster Hunter International series: “[E]verything I like in fantasy: intense action scenes, evil in horrifying array, good struggling against the darkness, and most of all people—gorgeously flawed human beings faced with horrible moral choices that force them to question and change and grow.” —Jim Butcher “[A] no-holds-barred all-out page turner that is part science fiction, part horror, and an absolute blast to read.” —BookReporter.com “If you love monsters and action, you’ll love this book. If you love guns, you’ll love this book. If you love fantasy, and especially horror fantasy, you’ll love this book.” —Knotclan.com “A gun person who likes science fiction—or, heck, anyone who likes science fiction—will enjoy [these books] . . . The plotting is excellent, and Correia makes you care about the characters . . . I read both books without putting them down except for work . . . so whaddaya waitin’ for? Go and buy some . . . for yourself and for stocking stuffers.” —Massad Ayoob “This lighthearted, testosterone-soaked sequel to 2009’s Monster Hunter International will delight fans of action horror with elaborate weaponry, hand-to-hand combat, disgusting monsters, and an endless stream of blood and body parts.” —Publishers Weekly on *Monster Hunter Vendetta*
Monster Hunter International, Second Edition
Frances Lincoln Children’s Books
In this graphic novel for early middle readers, two young sleuths must figure out why their sleepy seaside town is being overrun by monsters.

There are mysteries and then there is Loch Ness. You would be hard pushed to find a person on the planet today who has not heard about the Loch Ness Monster, its part of modern day culture and feeds into the very fabric of society. Thousands of sightings have been made at this Scottish Loch over the centuries and are still being made today. But can they all be genuine? If as some believe, Loch Ness harbours a species of unknown creatures then why haven’t they been found and catalogued? In this sophisticated day and age where satellites in space can read the print of a newspaper held by a man in the street we still don’t know what secrets are held in this deep Scottish loch. UFO and paranormal researcher Malcolm Robinson takes a look at one of Scotland’s biggest mysteries, that of the Loch Ness Monsters. Story of Aeneas Creek Ridge Publishing
Join the heroic knights as they clash with fearsome monsters in DK Readers L1: LEGO NEXO KNIGHTS(tm): Stop the Stone Monsters! Enter the futuristic world of Knighton where the brave NEXO KNIGHTS heroes, Clay, Lance, Axl, Aaron, and Macy, use powerful weapons and magic to battle an evil jester. Discover the story of Mary Anning, the

world's best-known fossil hunter. As a baby, Mary was struck by lightning, then as a little girl she found a fossilised sea monster, the most important prehistoric discovery of its time. This spectacular tale of a little girl who dared to be different and who followed her dreams will inspire young children. Beautiful illustrations and narrative text help children to learn how Mary discovered new fossils – and how her observations rocked the natural history world. Be inspired by Mary's work as a woman in the field of science – especially as her achievements weren't recognised until after her death. Perfect for kids interested in dinosaurs and rocks, and for parents looking for strong female role models in science. If you liked this, you might like the Anholt's Artists series.

The Lure of the Mediterranean Picture Window Books

“ For those inclined to dismiss Adorno ’ s take on America as the uncomprehending condescension of a mandarin elitist, David Jenemann ’ s splendid new book will come as a rude awakening. Exploiting a wealth of new sources, he persuasively shows the depth of Adorno ’ s engagement with the culture industry and the complexity of his reaction to it. ” —Martin Jay, Sidney Hellman Ehrman Professor of History, University of California, Berkeley The German philosopher and cultural critic Theodor W. Adorno was one of the towering intellectual figures of the twentieth century, and between 1938 and 1953 he lived in exile in the United States. In the first in-depth account of this period of Adorno ’ s life, David Jenemann examines Adorno ’ s confrontation with the burgeoning American “ culture industry ” and casts new light on Adorno ’ s writings about the mass media. Contrary to the widely held belief—even among his defenders—that Adorno was disconnected from America and disdained its culture, Jenemann reveals that Adorno was an

active and engaged participant in cultural and intellectual life during these years. From the time he first arrived in New York in 1938 to work for the Princeton Radio Research Project, exploring the impact of radio on American society and the maturing marketing strategies of the national radio networks, Adorno was dedicated to understanding the technological and social influence of popular art in the United States. Adorno carried these interests with him to Hollywood, where he and Max Horkheimer attempted to make a film for their Studies in Prejudice Project and where he befriended Thomas Mann and helped him craft his famous novel Doctor Faustus. Shuttling between insightful readings of Adorno ’ s theories and a rich body of archival materials—including unpublished writings and FBI files—Jenemann paints a portrait of Adorno ’ s years in New York and Los Angeles and tells the cultural history of an America coming to grips with its rapidly evolving mass culture. Adorno in America eloquently and persuasively argues for a more complicated, more intimate relationship between Adorno and American society than has ever been previously acknowledged. What emerges is not only an image of an intellectual in exile, but ultimately a rediscovery of Adorno as a potent defender of a vital and intelligent democracy. David Jenemann is assistant professor of English at the University of Vermont.

The Mystery of the Magic Stones Orca Book Publishers

In *Monster Lunch* we dine with Frankenstein, attend a burgoon and a birthday party, meet a grumpy garden dude and slurp hot zoop. Each poem is followed by an interview with the main character or fascinating facts about food. This collection of yummy, yucky, messy and hot rhyming stories is bursting with rhythmical fun. *The Monsters of Loch Ness (The History and the Mystery)* Baen Publishing Enterprises What would you do if everyone thought your best friend was dangerous? Polly the witch and Buster the monster shouldn ’ t be friends. And

they definitely shouldn't be on the run from almost everyone in town. But when Polly is called to the Hollow Valley Mines – the forbidden, haunted mines – by her magic stones, these two best friends have a big decision to make. Do they stay hidden and safe, or risk it all to save the day? The magical sequel to *The Wayward Witch* and *the Feelings Monster*.
Written and illustrated by Sally Rippin.

Steps and Stones U of Minnesota Press

Discover the Lost Secrets of the Ancients and the Time When Stones Floated High over Egypt Throughout history, folklore, and mystery, tales have circulated of massive stones being moved through the air effortlessly by sound. Bizarre? Well, yes, it is. That doesn't

take away the fact that sound was, and still remains, the key to the construction of the pyramids of Egypt, Stonehenge, the stone figures of Easter Island, and the massive stones at Baalbek, Lebanon. Were they the work of ancient humans or of equally ancient extraterrestrials? How Antigravity Built the Pyramids delves into specific stories and theories: A 9th-century story of a mysterious papyrus with the power to move large stones at the Giza Necropolis The Mayan story of the construction of the Pyramid of the Magician said to be overseen by a small humanoid who could whistle large stones into place Native American stories of ancient priests being able to make stones light to move easily Author Nick Redfern argues it was not literally music and whistling that somehow raised large stones, but both have one thing in common: sound.

Acoustics. Almost certainly, acoustic levitation was at the heart of these incredible feats. The truth of the science behind acoustic levitation was lost and forgotten for ages with little more left than fanciful tales of music, whistles, a curious papyrus, and strange metal rods that could achieve incredible feats in the air. Today, we are finally starting to get a grasp on this incredible technology, a technology that may have been the work of ancient humans, aliens from faraway worlds--or, perhaps, a combination of the two.

These Our Monsters BenGalley.com

The Seeker of Truth embarks on his perilous training in wizardry in the 2nd novel of the #1 New York Times bestselling author's epic fantasy series. In *Wizard's First Rule*, forest guide Richard Cypher becomes a Seeker of Truth in order to defeat the tyrannical Wizard Darken Rahl—only to discover that he is in fact Darken's son. Now, with Darken vanquished, Richard and the beautiful Kahlan Amnell head back to the Mud People to be married. But their adventures are far from over. As the wedding day approaches, Richard is visited by three Sisters of Light who insist on bringing him to the Palace of the Prophets to be trained as a Wizard. Meanwhile, the veil to

the underworld has been torn, and the Stone of Tears has passed through. According to prophecy, the only person who has a chance at closing the veil is the one bonded to the blade, the one born true.

Tom Stone stepped into Seward High and into Maria McBride's life like a bolt of lightning. He's the perfect guy for Maria—nice, smart, and well-built. There's just one problem: his family. Tom's father is the town's new funeral director, and business is booming. The bodies are piling up thick and fast in Persephone Falls, Alaska, so Dr. Stone keeps Tom up late at night working in the funeral home. And it's clear that Dr. Stone and his creepy assistant, Graves, don't want Maria around. Maria knows Tom was made for her. She's determined to find out what Dr. Stone has against her. When Tom refuses to stand up to his father, Maria begins to stitch together the clues...and finds out that the Stones are into recycling in ways she never could have imagined.

The Monster That Glowed in the Dark

Bloomsbury Publishing

Matthew Callahan has spent seven years

struggling against the insatiable hunger for blood consuming him. Unable to stop the vampire inside from preying on humans, he keeps himself confined to a lonely existence.

Everything changes the night he is lured into a trap and taken prisoner by High Lord General Tarrick—a seductive incubus who feeds off sexual energy. Forced into the middle of a war between vampires and incubi, Matthew is used as a weapon against his own kind. Although he's desperate for freedom, he is unable to deny the burning desire drawing him to the incubus general he now calls Master.
