"A brilliant, witty, and altogether satisfying book." – New York Times Book Review The classic work on the development of human language by the world's leading expert on language and the mind In *The Language Instinct*, the world's expert on language and mind lucidly explains everything you always wanted to know about language: how it works, how children learn it, how it changes, how the brain computes it, and how it evolved. With deft use of examples of humor and wordplay, Steven Pinker weaves our vast knowledge of language into a compelling story: language is a human instinct, wired into our brains by evolution. The *Language Instinct* received the William James Book Prize from the American Psychological Association and the Public Interest Award from the Linguistics Society of America. This edition includes an update on advances in the science of language since *The Language Instinct* was first published.

[Ultimate IQ Tests](#) JHU Press

IQ tests are routinely encountered in recruitment for various industries, including for jobs in the government, armed forces, and education as well as industry and commerce. Competition is fierce and employers are determined to cut the weak from the strong so it is essential for candidates to be prepared. *Ultimate IQ Tests* is the biggest book of IQ practice tests available. National Book Award Finalist: "This man's ideas may be the most influential, not to say controversial, of the second half of the twentieth century."—*Columbus Dispatch* At the heart of this classic, seminal book is Julian Jaynes's still-controversial thesis that human consciousness did not begin far back in animal evolution but instead is a learned process that came about only three thousand years ago and is still developing. The implications of this revolutionary scientific paradigm extend into virtually every aspect of our psychology, our history and culture, our religion—and indeed our future. "Don't be put off by the academic title of Julian Jaynes's *The Origin of Consciousness in the Breakdown of the Bicameral Mind*. Its prose is always lucid and often lyrical...he unfolds his case with the utmost intellectual rigor."—*The New York Times* "When Julian Jaynes... speculates that until late in the twentieth millennium BC men had no consciousness but were automatically obeying the voices of the gods, we are astounded but compelled to follow this remarkable thesis."—John Updike, *The New Yorker* "He is as startling as Freud was in *The Interpretation of Dreams*, and Jaynes is equally as adept at forcing a new view of known human behavior."—*American Journal of Psychiatry*

The Origin of Consciousness in the Breakdown of the Bicameral Mind Macmillan In 1926 Shanghai, eighteen-year-old Juliette Cai, heir of the Scarlet Gang, and her first love-turned-rival Roma Montagov, leader of the White Flowers, must work together when mysterious deaths threaten their city.

[Star Trek Aliens & Artifacts](#) Random House India

A source of hope, expert advice, and guidance for people with borderline personality disorder and those who love them Do you experience frightening, often violent mood swings that make you fear for your sanity? Are you often depressed? Do you engage in self-destructive behaviors such as drug or alcohol abuse, anorexia, compulsive eating, self-cutting, and hair pulling? Do you feel empty inside, or as if you don't know who you are? Do you dread being alone and fear abandonment? Do you have trouble finishing projects, keeping a job, or forming lasting relationships? If you or someone you love answered yes to the majority of these questions, there's a good chance that you or that person suffers from borderline personality disorder, a commonly misunderstood and misdiagnosed psychological problem afflicting tens of millions of people. Princess Diana was one of the most well-known BPD sufferers. As a source of hope and practical advice for BPD sufferers and those who love them, this new book by Dr. Jerold J. Kreisman and Hal Straus, bestselling authors of *I Hate You, Don't Leave Me*, offers proven techniques that help you: * Manage mood swings * Develop lasting relationships * Improve your self-esteem * Keep negative thoughts at bay * Control destructive impulses * Understand your treatment options * Find professional help

[Selling Beauty](#) Univ of California Press

In this revelatory, authoritative portrait of Donald J. Trump and the toxic family that made him, Mary L. Trump, a trained clinical psychologist and Donald's only niece, shines a bright light on the dark history of their family in order to explain how her uncle became the man who now threatens the world's health, economic security, and social fabric. Mary Trump spent much of her childhood in her grandparents' large, imposing house in the heart of Queens, New York, where Donald and his four siblings grew up. She describes a nightmare of traumas, destructive relationships, and a tragic combination of neglect and abuse.

She explains how specific events and general family patterns created the damaged man who currently occupies the Oval Office, including the strange and harmful relationship between Fred Trump and his two oldest sons, Fred Jr. and Donald. A firsthand witness to countless holiday meals and interactions, Mary brings an incisive wit and unexpected humor to sometimes grim, often confounding family events. She recounts in unsparing detail everything from her uncle Donald's place in the family spotlight and Ivana's penchant for regifting to her grandmother's frequent injuries and illnesses and the appalling way Donald, Fred Trump's favorite son, dismissed and derided him when he began to succumb to Alzheimer's. Numerous pundits, armchair psychologists, and journalists have sought to parse Donald J. Trump's lethal flaws. Mary L. Trump has the education, insight, and intimate familiarity needed to reveal what makes Donald, and the rest of her clan, tick. She alone can recount this fascinating, unnerving saga, not just because of her insider's perspective but also because she is the only Trump willing to tell the truth about one of the world's most powerful and dysfunctional families.

[A Century of Artists](#) Books HarperCollins

Now updated with groundbreaking research, this award-winning classic examines the construction of sexual identity in biology, society, and history. Why do some people prefer heterosexual love while others fancy the same sex? Is sexual identity biologically determined or a product of convention? In this brilliant and provocative book, the acclaimed author of *Myths of Gender* argues that even the most fundamental knowledge about sex is shaped by the culture in which scientific knowledge is produced. Drawing on astonishing real-life cases and a probing analysis of centuries of scientific research, Fausto-Sterling demonstrates how scientists have historically politicized the body. In lively and impassioned prose, she breaks down three key dualisms -- sex/gender, nature/nurture, and real/constructed -- and asserts that individuals born as mixtures of male and female exist as one of five natural human variants and, as such, should not be forced to compromise their differences to fit a flawed societal definition of normality.

[The Monstrous Make-Up Manual](#) Crossway

The third book in the *Monstrous Makeup Manual* series. An easy to understand, step-by-step guide to creating special character, prosthetic, and monster makeup effects.

[The Beauty Myth](#) ABRAMS

During the Cold War, freedom of expression was vaunted as liberal democracy's most cherished possession—but such freedom was put in service of a hidden agenda. In *The Cultural Cold War*, Frances Stonor Saunders reveals the extraordinary efforts of a secret campaign in which some of the most vocal exponents of intellectual freedom in the West were working for or subsidized by the CIA—whether they knew it or not. Called "the most comprehensive account yet of the [CIA's] activities between 1947 and 1967" by the *New York Times*, the book presents shocking evidence of the CIA's undercover program of cultural interventions in Western Europe and at home, drawing together declassified documents and exclusive interviews to expose the CIA's astonishing campaign to deploy the likes of Hannah Arendt, Isaiah Berlin, Leonard Bernstein, Robert Lowell, George Orwell, and Jackson Pollock as weapons in the Cold War. Translated into ten languages, this classic work—now with a new preface by the author—is "a real contribution to popular understanding of the postwar period" (*The Wall Street Journal*), and its story of covert cultural efforts to win hearts and minds continues to be relevant today.

The spirits' book A&C Black

"What corporations fear most are consumers who ask questions. Naomi Klein offers us the arguments with which to take on the superbrands." Billy Bragg from the bookjacket.

[The Mental Game Of Baseball](#) Houghton Mifflin Harcourt

A modern day *Beauty and the Beast* tale about a white skinned pearl in a world of dark skinned coals.

[The Feminist War on Crime](#) Adobe Press

Many feminists grapple with the problem of hyper-incarceration in the United States, and yet commentators on gender crime continue to assert that criminal law is not tough enough. This punitive impulse, prominent legal scholar Aya Gruber argues, is dangerous and counterproductive. In their quest to secure women's protection from domestic violence and rape, American feminists have become soldiers in the war on crime by emphasizing white female victimhood, expanding the power of police and prosecutors, touting the problem-solving power of incarceration, and diverting resources toward law enforcement and away from marginalized communities. Deploying vivid cases and unflinching analysis, *The Feminist War on Crime* documents the failure of the state to combat sexual and domestic violence through law and punishment. Zero-tolerance anti-violence law and policy tend to make women less safe and more fragile. Mandatory arrests, no-drop prosecutions, forced separation, and incarceration embroil poor women of color in a criminal justice system that is historically hostile to them. This carceral approach exacerbates social inequalities by diverting more power and resources toward a fundamentally flawed criminal justice system, further harming victims, perpetrators, and communities alike. In order to reverse this troubling course, Gruber contends that we must abandon the conventional feminist wisdom, fight violence against women without reinforcing the American prison state, and use criminalization as a technique of last—not first—resort.

[The Death of Bunny Munro](#) Simon & Schuster

A Guide to Navigate Evangelical Feminism In a society where gender roles are a hot-button topic, the church is not immune to the controversy. In fact, the church has wrestled with varying degrees of evangelical feminism for decades. As evangelical feminism has crept into the church, time-trusted resources like *Recovering Biblical Manhood and Womanhood* help remind Christians of what the Bible has to say. In this edition of the award-winning best seller, more than 20 influential men and women such as John Piper, Wayne Grudem, D. A. Carson, and Elisabeth Elliot offer thought-provoking essays responding to the challenge egalitarianism poses to life in the church and in the home. Covering topics like role distinctions in the church, how biblical manhood and womanhood should work out in practice, and women in the history of the church, this helpful resource will help readers learn to orient their beliefs with God's unchanging word in an ever-changing culture.
