Welcome to Braedyn Murphy's life. She's a typical-if shy-

sophomore navigating the slings and arrows of high school life with her two best friends, Royal and Cassie. Then a new boy, Lucas, moves into the house next door, and Braedyn finds herself falling in love for the first time. But Braedyn's normal life comes crashing down around her ears when she learns she's a descendent of Lilith, the mother of all demons - and that she might play a critical role in an ancient war between the Sons of Adam and the Daughters of Lilith. Turns out the right answers aren't always clear or easy. And as for "good" and "evil" - it all depends on how you choose to act. Inspired by the ancient Mesopotamian myths of Lilith and her offspring, Thrall explores first love, strong friendships, and taking on adult responsibilities against the backdrop of powerful supernatural forces and life-and-death stakes.

The books in this two-volume series present the most important tools and information on how to utilize the "Book of Changes (I Ching)." The "Book of Sun and Moon, "an alternative-though accurate-translation for the title of the "I Ching, "is both a book of divination and calculation. Its use in divination means to apply intuition concerning the oracle of the hexagrams (the sixty-four images of broken and unbroken Yin-and-Yang lines). Its ability to calculate and determine possible outcomes for any situation involves

examining the logical correlations associated with each of the hexagrams and what images they change into and head toward. Using the "Book of Sun and Moon" is like being a detective or tracker. The images are the clues and tracks, and a good detective or tracker needs not only tools of deduction and observation, but also a strong sense of intuition. Hence, the "Book of Sun and Moon" provides the main tools for both. Some questions put to the "Book of Sun and Moon" may only seem to need an understanding of the oracle portion, while others may only seem to require the use of logic and calculation. Without applying both intuition and logic, however, you are only receiving half the picture and limiting the amount of information the "Book of Sun and Moon" can provide. Volume I contains background historical information and explanations of the "I Ching's" construction and uses for divination and calculation. Volume II contains the translations of the original "Book of Sun and Moon, "along with specific correlations for the hexagrams and trigrams for interpretation, as well as Stuart Alve Olson's commentaries derived from various Chinese sources. These new editions of the "Book of Sun and Moon" provide a distinctly

Daoist perspective on the work, which sets them apart from the majority of other translations of the "I Ching" that contain commentaries based on Confucian ideals and philosophy.

Imagine what it would be like to go back in time to the 15th century Venice. And imagine what it would be like to meet your lifelong hero, Michelangelo. And imagine what it would be like if, on first meeting, you spill a tray of pasta and wine on that very same hero. Well, that's what happens to serious young artist Mark Breen. As the result of a drunken bet, Mark knocks out a painting

of a toilet bowl. Much to his amazement, he sells it. In short order he's hailed as the new Andy Warhol and becomes an overnight sensation—and a very wealthy man. Soon, images of his toilet bowls are on more t-shirts, mugs, and calendars than Edvard Munch's *The Scream*. His friend and mentor, Hugh Connelly, afraid that Mark is in danger of losing his "artistic soul," advises him to go back to Italy and acquaint himself with the "old masters." In Venice, Mark falls in love with Alexandra, a beautiful art restorer, but it's a one-sided affair. One night, hoping to win her over, he climbs up on a roof to find out who painted her favorite fresco. He falls off the roof and wakes up in 15th century Venice where he meets an innkeeper named Francesca, who looks exactly like Alexandra. And it gets curiously and curiously from there. During his stay—which is sometimes zany and sometimes frightening—he meets his hero, Michelangelo, who teaches him the true meaning of art. *Revelation Destiny* Image Publishers

Daughters of the Moon: Night Shade - Book #3  
John Podlaski

John Podlaski's encore Vietnam War novel brings back John ('Polack') Kowalski, the central character in 'Cherries', and introduces us to Louis ('LG') Gladwell, his irrepressible black friend. Polack and LG are a 'Salt and Pepper' team, best buddies and brothers in a way that only those who have fought side-by-side in a war can ever truly understand. The year is 1970, and the story follows the two soldiers - impressionable Detroit teenagers - during their long night in a Listening Post ('LP'), some 500 meters beyond the bunker line of the new firebase. Their assignment as a "human early warning system", is to listen for enemy activity and forewarn the base of any potential dangers. As they were new to the "Iron Triangle" and its reputation, little did they

---

know that units before them lost dozens of soldiers in this nightly high-risk task and referred to those assigned as "bait for the enemy" and "sacrificial lambs". Sitting in the pitch black tropical jungle - with visibility at less than two feet - John's imagination takes hold throughout the agonizing night, and at times, transports him back to some of his most vivid childhood memories - innocent, but equally terrifying at the time. As kids, we instinctively run as fast as we can to escape imaginary or perceived danger, but as soldiers, men are trained to conquer their fears and develop the confidence to stand their ground and fight. Running is not an option. In 'When Can I Stop Running?' the author juxtaposes his nightmarish hours in the bush with some of his most heart-pounding childhood escapades. Readers will relate to the humorous childish antics with amusement; military veterans will find themselves relating to both of the entertaining and compelling recollections.

### Sons of the Dark #3: Outcast HarperCollins

In Rosie's Daughters, Matilda Butler and Kendra Bonnett have written an inspiring collective memoir of the generation of women who excelled at "firsts." These women, born during World War II, were shaped by and then helped to shape the American historic, economic, political and socio-cultural landscape. They were the pioneers who charted the paths for the Boomer generation. From the vantage point of their sixties, they share their experiences and insights with their own and younger generations. The figurative mother of this generation, Rosie the Riveter, is a mythic figure in our culture, with good reason—she built ships, flew bombers and filled thousands of other essential wartime jobs, upending traditional views of "women's work." When the war was over, however, American industry thanked Rosie and sent her home. Rosie, who had known the economic dislocations of The Depression and the employment and service opportunities of the war period, raised her

daughters with a mixed message – stay home as wife and mother – be prepared "in case." Rosie's Daughters grew up and flung wide the doors of employment opportunity that Rosie had unlocked. These women can claim more career "firsts" and greater socio-cultural change than any previous generation. Their stories, recounted in Rosie's Daughters, show how the post-war education boom, the sexual revolution and the Pill, civil rights and gender equality, the Vietnam War, NOW and consciousness raising, Roe v. Wade, no-fault divorce and other momentous events influenced their lives and shaped their remarkable journeys. The book is a unique combination of personal stories, research, history, photography and the authors' reflections, engagingly written and beautifully presented. This is social history without the turgid prose, a compilation of interviews without the annoying interruption of flow—even a motivational book without the saccharine—in the appealing voice of perceptive authors. Rosie's Daughters will make you laugh and occasionally cry as you read the personal struggles and achievements of this remarkable generation of women who continue to influence our world. Learn from the lessons of their

lives as you shape your future.
