Moonchild is a novel written by the British occultist Aleister Crowley in 1917. Its plot involves a magical war between a group of white magicians, led by Simon Iff,

and a group of black magicians, over an unborn child. It was first published by Mandrake Press in 1929 and its recent edition is published by Weiser.

Moonchild Annotated

CreateSpace

A year or so before the beginning of World War I, a young woman named Lisa la Giuffria is seduced by a white magician, Cyril Grey, and persuaded into helping him in a magical battle with a black magician and his black lodge. Grey is attempting to raise the level

of his force by impregnating the girl with the soul of an ethereal being -- the moonchild. To achieve this, she will have to be kept in a secluded environment, and many preparatory magical rituals will be carried out.

The black magician Douglas is bent on destroying Grey's plan. However, Grey's ultimate motives may not be what they appear. The moonchild rituals are carried out in southern Italy, but the occult organizations are based in Paris and England. At the end of the book, the

war breaks out, and the white magicians support the Allies, while the black magicians support the Central Powers.

The Deaths and Afterlife of Aleister Crowley
Oxford University Press

Moonchild is a novel written by the British occultist Aleister Crowley in 1917. Its plot involves a magical war between a group of white magicians, led by

Simon Iff, and a group of black magicians, over an unborn child. It was first published by Mandrake Press in 1929 and its recent edition is published by Weiser. In this work, numerous acquaintances of Crowley appear as thinly disguised fictional characters. Crowley portrays MacGregor Mathers as the

primary villain, including him as a character named SRMD, using the abbreviation of Mathers' magical name. Arthur Edward Waite appears as a villain named Arthwaite, and the unseen head of the Inner Circle of which SRMD was a member. "A.B." is theosophist Annie Besant. Among Crowley's friends and allies Allen

Bennett appears as Mahatera Phang, Leila Waddell as Sister Cybele, the dancer Isadora Duncan appears as Lavinia King, and her companion Mary D'Este (mother of Preston Sturges, and who helped Crowley write his magnum opus *Magick: Book 4* under her magical name 'Soror Virakam') appears as Lisa la Giuffria. Cyril

Grey is Crowley himself, while Simon Iff is either an idealized version of an older and wiser Crowley or his friend Allen Bennett.[1]
The Three Magical Books of Solomon

In The Charisma Myth, Olivia Fox Cabane offered a groundbreaking approach to becoming more charismatic. Now she teams up with Judah Pollack to reveal how anyone can train their

brain to have more eureka insights. The creative mode in your brain is like a butterfly. It's beautiful and erratic, hard to catch and highly valued as a result. If you want to capture it, you need a net. Enter the executive mode, the task-oriented network in your brain that help you tie your shoes, run a meeting, or pitch a client. To succeed, you need both modes to work together--your inner butterfly to be active and free, but your inner net to be ready to spring at the right time and create that "aha!" moment. But is there any way to trigger these insights, beyond dumb luck? Thanks to recent neuroscience discoveries, we can now explain these breakthrough moments--and also induce them through a series of specific practices. It turns out there's a hidden pattern to all these seemingly random breakthrough ideas. From Archimedes' iconic moment in the bathtub to designer Adam Cheyer's

idea for Siri, accidental breakthroughs throughout history share a common origin story. In this book, you will learn to master the skills that will transform your brain into a consistent generator of insights. Drawing on their extensive coaching and training practice with top Silicon Valley firms, Cabane and Pollack provide a step-by-step process for accessing the part of the brain that produces breakthroughs and systematically removing internal blocks.

Their tactics range from simple to zany, such as:

- Imagine an alternate universe where gravity doesn't exist, and the social and legal rules that govern it.
- Map Disney's Pocahontas story onto James Cameron's Avatar.
- Ride yourself of imposter syndrome through mental exercises.
- Literally change your perspective by climbing a tree.
- Stimulate your butterfly mode by watching a foreign film without subtitles. By trying the

exercises in this book, readers will emerge with a powerful new capacity for breakthrough thinking.

Henrik Bogdan and Martin P. Starr offer the first comprehensive examination of one of the twentieth century's most distinctive occult iconoclasts, Aleister Crowley (1875-1947), one of the most influential thinkers in

contemporary western esotericism.

The Equinox, in print from 1909 – 1919, was a magical journal published by Aleister Crowley and included Crowley ' s own A...A... laws, rituals and rites, reviews, and magical works by other important practitioners. Published as ten volumes, much of the material remains out of print today. Now, for the first time since Israel Regardie ' s selections Gems from the Equinox (1974) renowned scholar and U.S. Deputy

Grandmaster General of the O.T.O. Lon Milo DuQuette presents readers with his own selections from this classic publication, The Best of the Equinox. Volume III of the series presents perhaps the most titillating of esoteric subjects, Sex Magick. Once he grasped the fundamentals of sexual magick, Aleister Crowley understood it to be the key that unlocks the secrets of the universe. He dedicated the entire second half of his life to exploring its mysteries. This volume presents the bulk of Crowley ' s written works on the subject and includes The Gnostic Mass,

Aleister Crowley (1875-1947),
was an English occultist,
writer, mountaineer,
philosopher, poet, and
mystic. He was an influential
member within the occult
organization the Golden
Dawn, and founder of the
Ordo Templi Orientis
(O.T.O.). Today he is best
known for his occult writings
and teachings of the

philosophy of Thelma.
Originally published in 1912,

Moonchild Illustrated Moonchild
There is a deep esoteric tradition
that the next Christ will be female.
But what if She was already here,
influencing and changing the world
without anyone knowing? What if
She has already transmitted Her
ancient gnosis into you, without
you realising?The Moonchild is set
in a hidden (but very real) valley in
the West of England and details the
birth and upbringing of a little girl

called Lilith, born in 1966, who has
to learn to be an Earthchild first
before she can begin her secret
mission as the legendary Lady
Babalon. Along with On Winsley
Hill and du Lac, I've used a certain
rhythm in my prose to try and
trigger things off on differing levels
of the readers' minds and I hope
this will be the case here. At very
least I hope to have made use of the
Annunaki in a whimsically
provocative way that might get your
pulses racing.For those purists who
might feel that my The Moonchild
is a shameful rip-off from Aleister
Crowley's singular Moonchild,
written in 1917, then I would point
out that the ever-helpful William
Breeze (the present-day head of the
O.T.O.), was quite happy for me to

use this title, and appreciated me asking.

Moonchild--Aleister

Crowley's cattiest novel--is a thinly veiled attack on his

critics that follows the initiation of "Lisa la Giuffria" (a representation of Crowley-muse Mary D'Este) into the White Lodge, recruited to fill the role of the Goddess Artemis in a secret Experiment that could re-order the future of all humankind. It is in these passages that Crowley reveals some of the technical mechanisms of his Order's particular magickal system--as the heretical blood magick practiced by the truly wicked and the fallen.

2016 Edition Lulu.com

Finally in a single book, the Keys

and Testament of Solomon are available together in The Three Magical Books of Solomon: The Greater and Lesser Keys & The Testament of Solomon. The Testament is a story of his use of magic to control demons and the Keys reveal his spells and methods. The Lesser Key of Solomon is a well-know grimoire which has the description of the 72 demons conjured by Solomon, along with illustrations of their sigils, and the instructions for how to summon them. It also lists "Spirits mingled of Good and Evil Natures". The third book, attributed to the Apostle Paul, discusses the

"Spirits allotted unto every degree of the 360 Degrees of the Zodiac; and also of the Signs, and of the Planets in the Signs, as well as of the Hours." Later on, Ars Almadel Salomonis provides instructions on how to create a wax tablet with specific designs intended to contact angels via scrying. This book also contains the prayers and orations of Solomon. The Key of Solomon the King is a very famous and important grimoire. It is divided up into two books. The first section includes various chants, spells, and curses to summon or restrain demons and the spirits of the dead. It also contains

instructions on how to perform a series of magic spells. The second part describes purifications an exorcist should undergo, as well as on clothing and magical devices. The Testament of Solomon is about demons summoned by King Solomon, and how they can be countered by invoking angels and other magical techniques. It is one of the oldest magical texts attributed to King Solomon, dating First Century A.D. Phantasmagoria and Other Poems This edition includes Liber 777, Gematria (from Equinox Volume 1, Number 5), and Sepher Sephiroth (from Equinox Volume 1, Number 8).

The Art and Practice of Breakthrough Thinking
Aleister Crowley's The Book of Lies is an important and complex work of occultism. Deciphering its many layers of hidden meaning requires a little patience and more than a beginner's knowledge of Thelema. For those interested in passing beyond the initiate stage, the reward offered by a deeper understanding of this challenging text is well worth the effort. This new 2018 edition of The Book of Lies from Kismet Publishing

restores all of Crowley's
original text, including the
important keys, sigils and
diagrams often omitted from
reprints.
