Going to the Dogs

 Chronicle Books Llc

The day 103 Brittany dogs were seized was the day their lives changed forever. Each dog was given a number. A number means they matter. A number means at one time they were touched and loved by a human. I guess I matter too, because I was given a number. I am dog #80. My name is Hedlee. Follow Magnolia Brittany Dog #80 "Hedlee" and her new family of dogs. From the moment they take their first breath to beyond the rainbow bridge, each dog has a tale to tell. You will witness puppy's first breath; and feel happiness as one dog finds his best friend, beyond the rainbow bridge. Because at the end of every rainbow, there is a dog.

Working Like a Dog

 Macmillan

Going to the Dogs is set in Berlin after the crash of 1929 and before the Nazi takeover, years of rising unemployment and financial collapse. The moralist in question is Jakob Fabian, "aged thirty-two, profession variable, at present advertising copywriter . . . weak heart, brown hair," a young man with an excellent education but permanently condemned to a low-paid job without security in the short or the long run. What 's to be done? Fabian and friends make the best of it—they go to work though they may be laid off at any time, and in the evenings they go to the cabarets and try to make it with girls on the make, all the while making a lot of sharp-sighted and sharp-witted observations about politics, life, and love, or what may be. Not that it makes a difference. Workers keep losing work to new technologies while businessmen keep busy making money, and everyone who can goes out to dance clubs and sex clubs or engages in marathon bicycle events, since so long as there 's hope of running into the right person or (even) doing the right thing, well—why stop? Going to the Dogs, in the words of introducer Rodney Livingstone, "brilliantly renders with tangible immediacy the last frenetic years [in Germany] before 1933." It is a book for our time too.
