**40 Fabulous Math Mysteries Kids Can't Resist Penguin**

The word is out... BROOKS MANDEVILLE, quarterback: Friday is the homecoming game and dance. It is a very big deal. NATALIE WAGNER, marching band clarinet: Our band's halftime show performances are legendary, even if our football team isn't. CINTHIA ALVAREZ, Academic Battle team member: Our Academic Battle team has won five years in a row. This Friday, it'll be six. TANNER ERICKSEN, sophomore class candidate for vice president: Holly has to win the election for class president this Friday! HOLLY CARPENTER, cheerleader, Academic Battle team member, class president candidate: Friday? Everything is on Friday? How can I be in three places at once? COLIN VON KOHORN, editor-in-chief of the Prepster: This kind of scheduling incompetence could only have come straight from the top. ANGELICA HUTCHERSON, reporter-at-large: I talked to everyone and my article is going to crack this story wide open... This is what happens on the wildest day in the history of high school!

**I Wish My Teacher Knew Scholastic Teaching Resources**

"From author Michael Clinton, former president and publishing director of Hearst Magazines, ROAR helps both those considering retirement and those who have no wish to retire get on with fulfilling their dreams--before it's too late"--Publisher marketing.

**Reading and Math Practice, Grade 1 Dragonfly Books**

All students face struggle, and they should—it is how they learn and grow. The teacher's job is not to remove struggle, but rather to value and harness it, helping students develop good habits of productive struggle. But what's missing for many educators is an action plan for how to achieve this, especially when it comes to math. This book guides teachers through six specific actions—including valuing, fostering, building, planning, supporting, and reflecting on struggle—to create a game plan for overcoming obstacles by sharing · Actionable steps, activities, and tools for implementation · Instructional tasks representative of each grade level · Real-world examples showcasing classroom photos and student work

**Progress in Mathematics Scholastic Teaching Resources**

200 teacher-approved practice pages that build essential skills and help children meet Common Core State Standards.

**Wonderful Word Puzzle Corwin Press**

In this new book from popular consultant and bestselling author Dr. Nicki Newton, you'll discover how to use Math Running Records to assess students' basic fact fluency and increase student achievement. Like a GPS, Math Running Records pinpoint exactly where students are in their understanding of basic math facts and then outline the next steps toward comprehensive fluency. This practical book introduces a research-based framework to assess students' thinking and move them toward becoming confident, proficient, flexible mathematicians with a robust sense of numbers. Topics include: Learning how often to administer Math Running Records and how to strategically introduce them into your existing curriculum; Analyzing, and interpreting Math Running Records for addition, subtraction, multiplication, and division; Using the data gathered from Math Running Records to implement evidence-based, research-driven instruction. Evaluating students' speed, accuracy, flexibility, and efficiency to help them attain computational fluency; Each chapter offers a variety of charts and tools that you can use in the classroom immediately, and the strategies can easily be adapted for students at all levels of math fluency across grades K-8. Videos of sample running records are also available for download at <https://guidedmath.wordpress.com/math-running-records-videos>.
